

Considerable cloudiness Wednesday with a chance of showers. Lows tonight in 40s. Highs Wednesday in mid 80s.

Drive Carefully

Area Schools Start Today

WATCH FOR THEM — Classes started today for over 6,000 Fayette County school children. Policeman Bert Blair was on duty to see that they reached their destination safely.

The Police and Sheriff's Department urge local motorists to drive carefully during the coming weeks.

The summer vacation came to an end Tuesday for approximately 6,294 boys and girls in the Washington C. H. and Miami Trace schools.

These first day figures will change, both Superintendent Marshall D. Boggs, of the city schools, and Superintendent Guy Foster of the Fayette County schools, said.

The enrollments as of Tuesday were about the same as last year. Foster said he expects around 30 more to register within the next couple of weeks.

Boggs said he anticipates a few more in the city schools, but did not make an estimate.

There was only a half-day Tuesday for the city school students, but those in the Miami Trace schools went all day. Meals were served at all the Miami Trace Schools Tuesday.

THE FIRST DAY enrollment in the city schools showed a total of 2,825 students, with 1,528 in the elementary schools (including kindergarten), 683 in the junior high school and

612 in the senior high school.

Enrollment in the elementary schools by grades was:

Belle Aire — first 81, second 49, third 54, fourth 58, fifth 58 and sixth 68 — total 368.
Cherry Hill — First 40, second 27, third 39, fourth 34, fifth 35 and sixth 31. Total 206.

Eastside — first 88, second 85, third 95, fourth 34, fifth 57 and sixth 67. Total 476.

Rose Avenue — first 33, second 23, third 18, fourth 26, fifth 24 and sixth 21. Total 145.

Special education class 12.

Sunnyside — second 22, third 19, fourth 27, fifth 25 and sixth 27. (no first grade) Total 120.

Kindergarten — Central 67 morning and 66 afternoon and Sunnyside 35 morning and 33 afternoon.

Several grades with larger enrollments are divided into two and three classes.

Junior high school — Seventh 224, eighth 238 and ninth 231. Total 683.

Senior high school — Sophomore 238, junior 199 and senior 175. Total 612.

THE FIRST DAY enrollment in the Miami Trace schools totaled 2,380 in the 11 elementary schools and 1,063 in the high school, a total of 3,469.

Enrollments by schools and grades was:

Chaffin — first 60, second 71 and third 84. Total 215.

Wilson — fourth 58, fifth 67 and sixth 63. Total 188.

Stanton — first 56, second 35 and third 32. Total 123.

Olive — fourth 31, fifth 31 and sixth 36. Total 98.

Jeffersonville — first 35, second 47, third 56, fourth 50, fifth 56, sixth 53, seventh 78 and eighth 71. Total 446.

Milledgeville — first 24, second 16, third 21, fourth 25, fifth 20 and sixth 23. Total 129.

Eber — seventh 95 and eighth 74. Total 169.

Bloomington — first 52, second 48, third 29, fourth 30, fifth 42, sixth 48, seventh 56, eighth 59 and combined third and fourth 25. Total 389.

Madison Mills — first 27, second 22, third 35, fourth 17, fifth 28, sixth 25, seventh 30 and eighth 25. Total 206.

New Holland — first 25, second 24, third 23, fourth 30, fifth 26, sixth 27, seventh 31 and eighth 25. Total 211.

Good Hope — first 21, second 22, third 22, fourth 32, fifth 25, sixth 26, seventh 28 and eighth 30. Total 206.

High School — freshmen 326, (Please Turn To Page 2)

Coffee Break...

THE "SUNBURST" has arrived at Washington Senior High School. Students may pick-up their copy of the annual after 3 p.m. Tuesday, or 10 a.m. to noon and 1-3 p.m. Wednesday, Thursday and Friday. The books will be in the high school first aid clinic.

Senate Vote Rejects War Deadline Proposal

WASHINGTON (AP) — The Senate, in a vote that upheld President Nixon's Vietnam policies, refused today to set deadlines for withdrawal of all American troops.

It turned down a proposal that the troops be pulled out by the end of 1971.

The defeat of the "Amendment to End the War" came as a triumph for the Nixon administration, after months of controversy in which critics denounced the measure as a blueprint for the first defeat in American history.

But Sens. George McGovern, D-S.D., and Mark O. Hatfield, R-Ore., the principal sponsors of the amendment, said the vote succeeded in demonstrating the depth of national discontent over America's long and bloody struggle in Southeast Asia.

"This amendment gave a rallying point to millions of anguished citizens across this war-weary land," McGovern told the Senate.

Branding the war the cruelest, the most barbaric and the most stupid conflict in American history, McGovern said: "Every senator in this chamber is partly responsible for sending 50,000 young Americans to an early grave."

The defeat of the amendment was all but sealed less than an hour before the vote when Sen. John Sherman Cooper, R-Ky., considered a key figure by the Hatfield-McGovern forces, announced he would not support it.

Cooper said the Congress must place its faith in the President.

Voting against the Hatfield-McGovern amendment were 34 Republicans and 21 Democrats. The supporting vote was made up of 32 Democrats and 7 Republicans.

The vote of 39 for the amendment was exactly that predicted by Republican leaders and two

less than the last private count taken by the McGovern-Hatfield forces.

The galleries were only partly filled during the 15-minute count down.

Spectators made no sound as the vote was announced.

Republican Leader Hugh Scott of Pennsylvania told the Senate in closing debate that the amendment was mischievous and could do harm and no good, although he said it might be advantageous to senators "who can manage to get full-page publicity" from it.

Senate Democratic Leader Mike Mansfield of Montana said in closing debate that rejection of Hatfield-McGovern would amount to praise for a "military withdrawal that has yet to take place."

"I do not question the President's will or skill in conducting foreign policy or in acting as commander in chief," Mansfield declared.

But, he added, "with all due respect the difficulties are such in my judgment that joint effort is needed."

Sen. Barry Goldwater, the Arizona Republican who carried his party's standard in the 1964 presidential election, said the war could have been over six years ago "if we had used our power."

The nation, said Goldwater, didn't have the "guts" to do it.

"It sickens me to hear amendments come up like this," he said. "Our President inherited these wrongs. He didn't create them. And he is the first President we've had try to do something to correct them."

"No one can predict which is correct, but the President is in control of negotiations," Cooper told the Senate. "Their conduct is in his hands, and I believe that he should be given the opportunity and the mandate to secure a settlement."

Officers Seek Sheriff's Killer

By TOM GARDNER
Associated Press Writer
McARTHUR, Ohio (AP) — About 200 law enforcement officers cordoned off a remote, wooded area in Vinton County

HAROLD STEELE

early today where they believe the man wanted in the shotgun slaying of Sheriff Harold Steele may be hiding.

Steele, 61, was slain Monday afternoon after going to the home of Oliver Mills to serve him with court papers resulting from a feud over some power lines on Mills' property.

Steele was hit in the chest and shoulders by at least two shotgun blasts, county prosecutor Arlo Chatfield said.

Deputy David Wilbur, who accompanied Steele, was shot in the chest and face. He was reported in good condition at Hocking Valley Community Hospital in Logan.

Chatfield said the manhunt zeroed in on an area near the scene of the shooting after Mills appeared at the home of a neighbor, Clarence Waldron, apparently looking for his wife, assisted by dog teams from Grove City, two airplanes and a highway patrol helicopter, began the search shortly after the shootings.

Wilbur, 33, of McArthur, was outside Mills' home near the cruiser when he heard a shot. He radioed headquarters for help. The sheriff's wife, Cora, was operating the radio in the office and remained at the post until it was reported Steele was dead. She was replaced by a deputy from a neighboring county.

Wilbur was hit by the shotgun blast as he went to assist Steele. An ambulance driver found the deputy crawling along the road several hundred yards from Mills' house. Wilbur said Mills had fled, carrying a high-power rifle. Two shotguns found near the house had been fired.

The sheriff's body was found at the side of the house. His gun was in its holster.

A search party organized by Vinton County Deputy Robert Kight, the only man remaining in the three-man department, quickly grew to more than 200 deputies, highway patrolmen and policemen from as far as 100 miles away.

One man at the scene said Mills was believed to have been spotted once, but when the dog

teams gave chase, the dog handler fell, injuring his leg, and the dogs had to be withdrawn from the search.

Vinton County residents helped

Twelve officers from the Fayette County Sheriff's Department, including Sheriff Don Thompson and Chief Deputy Sheriff Robert McArthur, joined the search party Monday for the killer of Vinton County Sheriff Harold Steele.

Sheriff Thompson and McArthur stayed with the search during the night Monday and were to continue in the operation Tuesday. The other officers returned to Fayette County overnight.

A Sheriff's Department spokesman here said that the search was taking place in the rugged hill country of Vinton County and that a doghandler, aiding in the search, fractured an ankle during a fall. One of the bloodhounds was also injured, the spokesman said.

ed guide searchers through the densely wooded countryside.

The shooting occurred in an isolated area about seven miles north of McArthur, the county seat of Ohio's least populous county with about 10,200 residents.

Steele, a Republican, was in his fourth term as sheriff and had said at one time he planned to retire at the end of his present term in 1972. He won in 1968 by a margin of 100 votes over his Democratic opponent out of 4,000 ballots cast.

He was a member of the board of directors of the Buckeye State Sheriff's Association. He is survived by his widow, a son and a daughter.

Local authorities said Mills had ordered Columbus and Southern Ohio Electric Co. linemen off his property when they tried to work on lines that pass through the land along an easement.

The electric company went to court over the matter and Steele was serving papers in connection with the court action.

Local authorities said Mills had ordered Columbus and Southern Ohio Electric Co. linemen off his property when they tried to work on lines that pass through the land along an easement.

Waldron, who lives about 300 yards from Mills, said Steele and Mills had argued when the sheriff came to serve the papers and Mrs. Mills left the two men and came to his home.

A short time later, Waldron said, he heard six shots from the direction of Mills' house, which is hidden from Waldrons by a small hill.

Investigating officers said at least three shotgun blasts were fired — the two that hit Steele and the one that struck Wilbur. In addition, they found the bark torn off a tree in front of the house, possibly by a bullet from a high-powered gun.

They said Wilbur apparently returned fire at least once, missing his target.

Local authorities said Mills had ordered Columbus and Southern Ohio Electric Co. linemen off his property when they tried to work on lines that pass through the land along an easement.

Nixon, Top Advisers Meet On Middle East Situation

SAN CLEMENTE, Calif. (AP) — Amid rising Israeli complaints of cease-fire violations, President Nixon sits down with his top advisers today to assess the Middle East situation.

He called Vice President Spiro T. Agnew back a day early from a Honolulu rest stop on the way home from Asia to join in the session at the Western White House. Agnew also will report to

the President on the 10-day trip in which he met with leaders of five Asian nations.

Presidential Press Secretary Ronald L. Ziegler said he did not expect any announcements or reports to come out of the Middle East meeting. Nor, he added, would any of the officials, including Agnew, meet with the press here.

Nixon has been stressing the

need now for "quiet diplomacy" while Arab-Israeli peace discussions are under way at the United Nations.

In Washington, Secretary of Defense Melvin R. Laird said Monday, "With regard to arms deliveries to Israel during the 90-day cease-fire we are taking such steps as are necessary to assure that the arms balance does not tip against Israel."

Israel's Premier Golda Meir has expressed concern that the United States, which proposed the cease-fire, is not responding vigorously enough to Israel's charges of Egyptian violations and anti-aircraft missile build-ups in the Suez Canal area.

High Israeli sources say the United States has indicated in diplomatic contacts that it has recognized alleged Egyptian infractions, but has not agreed to make his public.

Nixon kept Tuesday free for the session with a group practically duplicating his National Security Council.

Ziegler emphasized: "It is not a formal NSC meeting. But it happens to be composed of people who are members of the NSC."

Those attending are: the vice president; Secretary of State William P. Rogers; Deputy Secretary of Defense David Packard, sitting in for Laird; Adm. Thomas H. Moorer, chairman of the Joint Chiefs of Staff; Joseph J. Sisco, assistant secretary of state for Near Eastern and South Asian affairs; Richard Helms, director of the Central Intelligence Agency; and Dr. Henry A. Kissinger, Nixon's national security adviser.

The only missing member of the NSC was Gen. George Lincoln, director of the Office of Emergency Preparedness.

The two cases, from California and Ohio, raise the same constitutional points the court confronted in the past two terms and was unable to resolve in an appeal by William L. Maxwell, a Hot Springs, Ark., Negro sentenced to death in a rape.

These are: (1) Whether it is a violation of due process of law for juries to be given free discretion to decide which convicted defendants in capital cases should be sentenced to death on which to lesser penalties; and (2) Whether it is unconstitutional for a jury to decide guilt

or innocence and the penalty at the same sitting.

The cases concern James Crampton, a Toledo man under death sentence in the slaying of his wife, and Dennis C. McGautha, a Louisiana condemned to death in California in the slaying of a Los Angeles storekeeper.

The court never has said publicly why it could not answer these questions in the framework of the Maxwell case. Evidently closely divided, the justices dropped the case last June and took on two fresh ones prob-

ably because Justice Harry A. Blackmun, having participated in a Maxwell ruling while an appeals court judge, would not have been able to vote.

The last execution in the United States was in June 1967 when Luis Jorge Monge died in Colorado's gas chamber for the murders of his wife and two children.

There has been a judicial freeze on executions in the United States since the Maxwell case reached the high court. A ruling against Crampton and McGautha could revive use of

the death penalty in the nation.

The court begins the new term Oct. 5 with a ceremonial and perfunctory public session.

The first real public work day is Oct. 12 when the justices will hear school desegregation cases from Charlotte-Mecklenburg, North Carolina; Mobile county, Alabama; and Clarke county, Georgia.

On Oct. 19 the court is scheduled to hear argument on the 1970 federal law that granted the vote to 18-year-olds.

Big Three Carmakers Offer \$1.4 Billion Wage Increase

By A. F. MAHAN
Associated Press Writer
DETROIT (AP) — The Big Three automakers today offered the United Auto Workers a 7.5 per cent wage increase in proposed new three-year contracts but declined to remove a cap on a cost-of-living wage escalator.

The union has insisted that an unlimited cost of living wage escalator "is the price of peace in this industry."

The companies' insistence on maintaining a maximum limit of eight cents hourly per year in cost of living boosts, made a strike against one of the automakers appear certain.

Current three-pact pacts covering 730,000 workers at the Big Three expire Sept. 14.

General Motors said it was offering the union a package which would cost the company \$1.4 billion in wages alone and described its offer as "the largest economic proposal in its history."

The companies' offers included:

— A 7.5 per cent wage increase.

— Retirement after 30 years

service at \$500 a month at age 60 at General Motors and age 62 at Ford. Chrysler said its plan would allow a worker at age 65 after 35 years' service to retire at \$551 a month.

Retirement at 60 with 30 years service now is possible at \$400 a month.

The union has insisted that retirement at a minimum of \$500 monthly be permitted after 30 years service, regardless of age.

GM proposed a 7½ per cent general wage increase, ranging from 26 to 48 cents an hour. However, employees making less than \$3.54 hourly would get nothing in addition 26 cents hourly which goes into effect automatically Sept. 15 under terms of current three year pacts.

The UAW has demanded "a substantial wage increase," but has specified no specific cents per hour.

UAW President Leonard Woodcock, however, has indicated it must be in the range 8 per cent on top of the 26 cents or

Death Penalty Cases Eyed By High Court

WASHINGTON (AP) — With the lives of 500 condemned men and women at stake,

Deaths, Funerals

William L. Eakins

WILLIAM L. EAKINS — William L. Eakins, 73, of 323 N. Hinde St., was dead on arrival at Memorial Hospital Monday afternoon. He had been in failing health for the past five years, but death was unexpected.

Born in Pike County, he had lived in Fayette County the past 33 years. He was a retired farmer and a World War I veteran.

He is survived by his wife, Elizabeth; two sons, Dale, 633 McArthur Way, and Donald, Rt. 3, Greenfield; and one grandchild. Also surviving are two sisters, Mrs. Blanche Shanks, of Sinking Springs, and Mrs. Marie Lawhorn, of Xenia; and a brother, Charley Eakins, of Rt. 3, Greenfield.

Services will be held at 1:30 p.m. Thursday in the Gerstner-Kinzer Funeral Home with the Rev. Gerald Wheat pastor of the First Presbyterian Church officiating. Burial will be in the White Oak Grove Cemetery.

Friends may call at the funeral home after 2 p.m. Wednesday.

Mrs. Albert Hess

SPRINGFIELD — Mrs. Albert (Marguerite Reeder) Hess, 57, died suddenly at her home Monday night. She had resided in Springfield for 24 years.

She was a member of the Oakland Presbyterian Church and of the Neil Chapter, Order of Eastern Star.

Surviving are her husband, Albert; a son, Steven, a student at the University of Dayton; a daughter, Sally, a teacher in the Enon schools; a sister, Mrs. Howard (Opal) Ebersole, of Washington C. H.; and a brother, Paul Reeder, of Kenton.

Services will be held at 2 p.m. Thursday in the Oakland Presbyterian Church and burial will be in the Glen Haven Cemetery, Springfield.

Friends may call at the Jackson Lytle-Coffman Funeral Home from 2 to 4 and 7 to 9 p.m. Wednesday.

MISS INEZ R. BURSON

Services for Miss Inez R. Burson, 53, of 711 Peabody Ave., were held in the Parrett Funeral Home at 11 a.m. Monday, with the Rev. Eugene Hawthorn, of Jehovah's Witnesses, officiating.

Miss Burson died in Memorial Hospital Friday.

For the burial in Confidence Cemetery, near Georgetown, pallbearers were Muriel, Larry and Charles Burson and Joseph, Hiram and Samuel Bailey.

MRS. MAUDE R. COE

Services for Mrs. Maude Rumer Coe, 71, of Bookwalter, were held at 2:30 p.m. Monday in the Morrow Funeral Home, Jeffersonville. The Rev. Raymond Sharritts, pastor of the Maple Grove United Methodist Church, Columbus, officiated.

Mrs. Coe, widow of Homer W. Coe, died Saturday in Riverside Hospital, Columbus.

Burial was in Fairview Cemetery, Jeffersonville, with William D. Coe, Franklin Ellars, David G. Smith, Michael Belles, T. L. Sams and Carl N. Creamer the pallbearers.

MRS. JOHN CUNNINGHAM

Services for Mrs. Deloris C. Cunningham, 59, wife of John Cunningham, Rt. 2, were held at 1:30 p.m. Monday in the Gerstner-Kinzer Funeral Home with the Rev. Gerald Wheat, pastor of the First Presbyterian Church, officiating.

Mrs. Cunningham died Friday in Memorial Hospital.

Pallbearers for the burial in Washington Cemetery were James Sever, John Toth and James, John, Douglas and Charles Cunningham.

School Starts

(Continued From Page 1)

sophomore 269, junior 272 and senior 196. Total 1,063.

Two special classes have 20 students, nine at Eber and 11 at Wilson.

SUPT. FOSTER, after checking the enrollments in the elementary schools, said there undoubtedly will have to be some transfers of students from one school with a big enrollment to a school with a smaller enrollment to equalize the size of the classes. This, however, presents no problem, he said, because all the students are taken to and from school by bus. Some classes with usually heavy enrollments are divided with separate teachers in different classrooms. When the decision on reassignment will be made, the superintendent did not say, but indicated it would be within a few days as soon as the enrollment appears to be stabilized.

No major problems in transportation developed on the first day, Foster said, with all 38 buses just about on schedule. The superintendent indicated, however, there may have to be some minor changes in the bus pickups; these probably will be between the Jeffersonville and Bloomingburg areas for buses making the run which includes the high school.

Area Deaths

CIRCLEVILLE — Mr. Milton (Pete) Neff, 68, died at noon Monday at his residence here. Funeral arrangements are in charge of the Defenbaugh Funeral Home.

CIRCLEVILLE — Services were held Tuesday afternoon at Defenbaugh Funeral Home for Mrs. Gladys L. Clary, 64, who died Saturday afternoon at home. Burial was in Jackson Twp. Cemetery.

LESSBURG — Services will be held Wednesday morning at Heiby Funeral Home, Chillicothe, for David C. Cryder, 76, who died Saturday at Dayton State Hospital. He is survived by his wife, Vivian. Burial will be in Londonderry Cemetery.

Mainly About People

Mrs. Dick Brannon, Rt. 2, is a medical patient in room 404 of Memorial Hospital.

Ronnie L. Penrod, 630 Gregg St., is a patient in Madison County Hospital, London. His room number is 122.

Mrs. Gregory (Pamela Hartley) Lynch, underwent major surgery at Wright Patterson AFB Hospital Monday. She is in ward 3-W, room 3-A.

Mrs. Virgil Dwyer, 434 E. Paint St., is a medical patient in Chillicothe Hospital.

Michael Stegall, 15, son of Mr. and Mrs. Ray Stegall, of Jeffersonville, is a surgical patient in Mount Carmel Hospital, Columbus. He is in room 709.

Man Arrested And Charged In Plant Blaze

CINCINNATI (AP) — A 27-year-old man who gave police no address, Jerry Ayres, has been arrested and charged with arson in connection with the Aug. 6 fire which caused an estimated \$600,000 damage to the Recto Molded Products Inc., in suburban Oakley.

Ayres, who was arrested Monday, was a member of Molders Union Local 45, which has been on strike against the plant since June 15, police said. Ayres was arrested after a tip and was subsequently identified by a witness to the fire, said police. Detective Bernie Kersker of the Homicide Squad said Ayres worked as a buffer at the plant prior to the strike. The plant has continued production although 200 members are on strike.

Recto manufactures plastic products and parts.

Liquid Dumping At Cincy Landfill Ordered Stopped

CINCINNATI (AP) — All liquid dumping at Rumpke's dump will stop today as the result of an order issued Aug. 24 by county sanitary engineer Alan S. Montague.

Montague, also the assistant county administrator, had called for an end to the acceptance of any liquid by Rumpke at the suburban Colerain Township site.

Judge William S. Mathews had enjoined Rumpke from accepting liquid and industrial wastes June 17. The question arose as to whether the order applied to apparently nontoxic, inert matter, Montague said.

"Some companies were still using Rumpke's and it just wasn't very equitable to the others," said Montague. He estimated 15,000 to 17,000 gallons of wastes had continued to be dumped by Rumpke users.

Cuyahoga County Change Studied

CLEVELAND, Ohio (AP) — The Cuyahoga County Commissioners have placed the proposed alternate form of county government on the fall ballot.

Except for the proposed salary of the elected county officials the proposal is the same as the one submitted to voters last year. Under the proposal, there would be seven commissioners elected—three at large and one from each of four districts—and a county mayor. The commissioners would receive \$12,499.49 a year and the mayor would get about \$30,000.

The biggest problem is having the material printed as specified by law. The entire proposal, including the statute and map of the county districts, is to be printed and mailed to the county's 750,000 registered voters no later than 45 days before the election, or by Sept. 19.

IT'S SO EASY TO PLACE A WANT AD

ICC Approves Rail Rate Hike

New York, Ohio Protests Rejected

WASHINGTON (AP) — Rejecting an appeal by New York and Ohio officials, the Interstate Commerce Commission has given final approval to a 10 per cent increase in passenger fares by 21 railroads, effective today.

Three ICC commissioners, acting Monday for the full, 11-member panel, upheld last week's approval of the fare hike by the agency's Board of Suspension.

New York's and Ohio's public utility commissions had protested. Further appeal still is possible, but the increase can be implemented in the meantime.

The boost is the eighth granted by the ICC since Dec. 1, 1967. Most have been for 5 per cent, and not all railroads benefitted from each hike.

Among beneficiaries of the latest increase is the financially troubled Penn Central Railroad, which operates commuter service and long-haul passenger routes along the East Coast and inland as far as Chicago.

Other lines receiving the 10 per cent boost:

Baltimore and Ohio; Chesapeake and Ohio; Norfolk and Western; Delaware and Hudson; Atchison, Topeka and Santa Fe; Burlington Northern; Chicago and Northwestern; Chicago, Milwaukee, St. Paul and Pacific; Denver and Rio Grande Western; Chicago Rock Island Pacific; Louisville and Nashville; Missouri Pacific; North Western Pacific; Oregon Trunk; San Diego and Arizona Eastern; Southern Pacific; Texas and Pacific; Union Pacific; Gulf Mobile and Ohio, and the St. Louis Southwestern Railway.

Juvenile Jail

(Continued From Page 1)

said he was notified at 7:30 a.m. Tuesday that the truck was wrecked on Dill Road. His investigation revealed that the eastbound vehicle failed to negotiate a right curve, skidded 125 feet off the left side of the road and overturned. It came to rest against a tree.

Deputy Crooks said he is uncertain of the time of the accident since the road is seldom traveled at night. Damage to the vehicle was listed as extensive to the top and left side and was estimated by Crooks at \$800.

THE STATE Highway Patrol took into custody four 16-year-old boys from Erie, Pa., and lodged them in Fayette County jail pending release today to their parents. Officers said they found the boys hitchhiking on Interstate 71 at 5:45 a.m. Tuesday. They told officers that they were running away from home.

A 17-year-old Bloomingburg youth, Michael Gibson, is in jail awaiting return to military authorities after sheriff's deputies took him into custody Monday for being absent without leave from military service.

Fay Washburn, an employee at the Union 76 station, 915 E. Market St., reported to city police the theft of \$28 from an ice chest located at the station. Washburn said the loss occurred between 12:15 a.m. and 9 a.m.

Mrs. William Duncan, 703 S. Fayette St., reported the theft of two ornaments valued at \$5 from her front porch during the night Sunday.

Samuel Ward, 31, of Bloomingburg, operator of Ward's Sinclair service station in that village, was arrested Monday on an assault warrant filed by James Cruise. The prosecuting witness alleges that Ward struck him in the face at the service station Monday.

Merchant Police O. M. Montgomery recovered a bicycle believed stolen, from the alley at the rear of the Montgomery Ward store at 2:03 a.m. Tuesday.

Also being held Tuesday morning by Fayette County sheriff's deputies was Douglas J. Murphy, 19, of Evansville, Ind., who officers said was found Tuesday morning asleep in a car owned by Jess Crago, U. S. 35-N.

2 U.S. Brigades Being Disbanded

SAIGON (AP) — The U.S. 199th Light Infantry Brigade and the 3rd Brigade of the 9th Infantry Division are being deactivated within the next six weeks as part of the American troop cutback in South Vietnam, informed sources disclosed tonight.

The disbanding of the two units, which helped defend Saigon during the Communists' 1968 Tet offensive, will reduce American strength by about 10,000 men.

The brigades are the first major combat units being pulled out in the fourth phase of President Nixon's withdrawal program. That phase will reduce authorized American troop strength in Vietnam to 384,000 by Oct. 15.

Good Guys Given Dimes By L.A. Garage Owner

LOS ANGELES (AP) — Every Saturday morning at 10, about 80 boys and girls line up outside Stan Wylly's auto body shop in the Watts district to get their dimes.

One by one they walk up to the counter and Stan checks their name off a list he keeps. Dimes in hand, each youngster then scampers to a store across the street for a soda or ice cream.

Stan, a 50-year-old widower with two grown children, has been handing out the pocket money for five years.

To earn a dime a child must be a member of the Neighborhood Good Guys Club. Anyone can join.

All of the kids are between the ages of 3 and 14. Most of their families are on welfare and in many of the homes there is no father.

How do you become a good guy?

"By keeping your hair combed and being nice," says 8-year-old Vanoy Bush.

Good guys also have clean

Farmers Getting Lower Prices For Products

WASHINGTON (AP) — The Agriculture Department says prices received by farmers for raw products dropped 3 per cent in the July 15-Aug. 15 period, marking the largest 30-day decline since October, 1948.

The crop reporting board said Monday that lower prices for hogs, cattle, potatoes and pigs contributed most to the decrease. Higher prices for milk, lettuce and wheat partially offset the loss.

The over-all August index for prices paid farmers was put at 276 per cent of the 1910-14 base period, compared with 286 per cent a month earlier and the five-year high of 290 last February.

The board noted that the report did not reflect the sharp grain market fluctuations the past two weeks caused by reports of 1970 corn losses because of the Southern leaf blight.

Policeman Wounded

NEW YORK (AP) — A policeman was shot in the arm by an unknown gunman Monday night as he and his partner were investigating a report of gunfire at a Brooklyn yacht club.

Donald Porter, 33, became the fourth police victim of a shooting incident in New York City in a week. He was reported in fair condition with a wound in the right forearm.

Porter and his partner, Frank W. Polcino, had gone to the club in their patrol car, investigated the report and found nothing. The shot rang out as they were driving away.

Last Thursday two policemen were seriously wounded in an apparently unprovoked attack in Queens. They killed one of their assailants. Another patrolman was wounded late Saturday in an unprovoked shooting in the Bronx.

'Rabbi' Fails In Court Bid

CLEVELAND, Ohio (AP) — David Hill, self-styled rabbi and head of the House of Israel in Cleveland, remained in jail after his attorneys failed in their attack on the legality of a governor's agreement holding him there.

Hill surrendered to Chicago authorities last April on charges of grand theft and bail jumping. He was returned to Cleveland under an agreement between the governors of Ohio and Illinois in the boycott last summer of four McDonald's System Inc. restaurants.

Judges of the Eighth District Court of Appeals dismissed the petition Monday on the basis that the defense could not prove the Chicago charges had been dropped. They also ruled that the agreement between the governors was still binding.

Hill was in court Monday—his first public appearance since his arrest in Chicago. A hearing was tentatively set for later in the week on a motion that Hill should be returned to Cuyahoga County Jail. He has been kept at undisclosed locations outside the county since threats had been made on his life, the sheriff's office said.

Increase Supplies For Apollo 14

WASHINGTON (AP) — The National Aeronautics and Space Administration has decided to add an emergency power supply and some 20 pounds of drinking water to the Apollo 14 command-and-service module for its moon flight this winter.

The two changes were announced Monday as preparations continued for a launching now tentatively scheduled for Jan. 31.

OEA Declares Entire State Under Sanction

CLEVELAND, Ohio (AP) — A professional sanction on the state until a tax reform program is enacted "to adequately fund the public schools" was declared today by the Ohio Education Association.

J. Alan Aufderheide, OEA president, said at a news conference here that the executive committee of the 88,600-member organization adopted the sanction resolution during its annual local leaders conference at Kent State University.

The OEA placed Ohio on a sanction alert last December at the OEA Representative Assembly in Columbus.

"What the OEA has done is to say to each citizen of this state, as well as the rest of the country, that Ohio's public schools are in need of immediate attention," Aufderheide said.

The resolution charged that Ohio "has neglected its public schools to the extent that it ranks near the bottom of most financial measurements of quality, including per pupil expenditures and the amount of financial resources devoted to the public schools."

The action marked the first time in the OEA's 123-year history that a sanction had been declared against the entire state. The executive committee said the sanctions will remain in effect until changes are made in Ohio's tax structure to adequately fund the public schools. The committee added that "the situation must be corrected by the next session of the legislature."

One of the principal effects of the sanction is to discourage out-of-state teachers from accepting teaching jobs in the state.

Anti-Thieu Forces Win

SAIGON (AP) — Vu Van Mau's antigovernment slate was the top winner in South Vietnam's senatorial election, unofficial returns from all provinces showed today. The other two winning slates were moderately progovernment groups headed by Sen. Huynh Van Cao and Senate President Nguyen Van Huynh.

Thirty of the 60 Senate seats were at stake, and each of the winning tickets will fill 10 of the seats. President Nguyen Van Thieu's government retained a majority in the upper house, but it was not known yet whether it won or lost any representation because exact lineups have not emerged.

There were 160 candidates in the election, divided up into slates of 10 candidates each. Each slate represented a political bloc, not a constituency, and voters could choose up to three slates each.

Official election results are not expected for another two weeks. Then they will have to be verified by a joint electoral committee before being sent to the Supreme Court for approval.

Backers of a losing slate charged today that their representatives had not been permitted to verify returns in some districts. There were no other charges of irregularities.

The St. Bernard is the world's heaviest breed of dog. One such dog weighed 246 pounds.

WEATHER SUMMARY

COLUMBUS, Ohio (AP) — Official weather bureau summary for Ohio:

Clear skies over northern Ohio and the fresh polar outbreak allowed temperatures to plunge to near record breaking readings for September 1 during the night. Cleveland was only 1 degree off the 1874 record with a reading of 43. Youngstown's 42 early this morning was 2 degrees above the record of 40 set in 1967.

No precipitation was reported over Ohio during the night. But there is a chance of showers over southwest Ohio Wednesday and over all of the state Thursday. Seasonable temperatures are expected Wednesday but warmer weather is in prospect for Thursday.

Wage Increase

(Continued From Page 1)

ously 14 per cent in the first year.

Some 730,000 of the union's 1.6 million members are employed by the Big Three automakers.

The union's International Executive Board traditionally picks a target company to press for a pattern-setting settlement—or in case of continued disagreement, to strike. The last UAW strike, against Ford in 1967, lasted eight weeks.

The UAW also is negotiating a new contract with American Motors, but the present contract there does not expire until mid-October.

The Big Three settlement traditionally serves as the pattern for new pacts with supply plants and the agricultural implement and aerospace industries.

The AFL-CIO has pledged its support to the UAW despite the fact the auto union has dropped out of the giant labor organization.

Woodcock told the UAW Community Action Council in Grand Rapids Monday that the union would not be intimidated by either a threat of a lockout by automakers or a prolonged strike. There has been some speculation in Eastern financial circles that the automakers may resort to an industrywide lockout if one company is struck.

Woodcock, who succeeded the late UAW President Walter P. Reuther, repeated Monday that the UAW would strike one of the automakers unless a pattern-setting contract is reached by midnight Sept. 14, when current three-year pacts expire.

The St. Bernard is the world's heaviest breed of dog. One such dog weighed 246 pounds.

Light Trade Drops Stocks

NEW YORK (AP) — Stock market prices were moderately lower today in slow trading. At noon, the Dow Jones average of 30 industrial stocks was down .52 at 760.06.

Declines outpaced advances by about 3 to 2 among issues traded on the New York Stock Exchange.

Brokers said the correction in the market appeared to be normal in light of recent sharp gains. They added that selling had been restrained.

Airlines, oils, electronics and miscellaneous manufacturing were down, farm implements were up, while most other categories of stocks were mixed.

Motors were down after the auto industry's offer of a 7 1/2 per cent wage increase in the first year of a new contract. Chrysler was down 1/2 to 23 1/2, Ford was off 1/2 at 48 1/2, and General Motors was down 1/2 at 73 1/2.

The Associated Press 60-stock average was off .8 to 250.3 at noon. Industrials were down 1.8, rails were unchanged, and utilities were off .4.

'Pneumatique' Speeds Paris Mail

By MICHAEL GOLDSMITH
Associated Press Writer
PARIS (AP) — For 30 cents you can send a letter across Paris by air—via the sewers.

It's a special delivery system that reaches any point of the city within an hour.

The mail moves in pneumatic tubes, so a special delivery letter is called a pneumatique.

More than 250 miles of tubes connect virtually all Paris post offices, and each has motorcycle messengers waiting to deliver arriving letters.

The system is the same as that once used in department stores to bring back change. Letters are rolled up and inserted in a cylinder which is sucked through the tubes at speeds up to 30 miles an hour. No surface vehicle can do better in Paris traffic.

Other cities, notably in Germany, have similar systems, but none is as large or as highly developed. The first mail tubes were laid in the Paris sewers more than a century ago. Ever since the eerie silence of the sewers has been shattered day and night by the rattle of the mail containers.

Special engine houses were built for steam engines that once powered the system. Old prints show post office engineers in top hats and frock coats supervising the machinery. The engines were still pumping away during World War II, after 80 years' service, but more efficient electric air pumps do the job now.

Telegrams also move this way, but a letter has some advantages: No clerk need count the words, and the messages are safe from prying eyes. This aspect appeals to lovers as well as businesses.

A pneumatique costs 1.60 francs. This is four times the price of an ordinary letter which can take 36 hours to reach its destination. There are certain restrictions on size and weight to allow the letter to fit into cylinders three inches wide. And you must expect your letter to arrive slightly crumpled. Oil from the machines and dirt from the sewers occasionally seeps into the pipes, and a pneumatique is not always spotless on arrival.

Maintenance teams work permanently in the sewers, replacing worn tubes and occasionally releasing jammed containers. When the Seine floods and the water level rises above the level of the tubes a breakage can have dramatic results. Many a post office sorter has been showered with sewer water forced through a broken tube, but such incidents virtually stopped with the introduction of specially resistant plastic tubes.

Last year the system handled nearly 10 million transfers. There are about 25,000 shipments a day.

The farthest distance the tubes reach is just over seven miles, between the Port de Saint Cloud in chic southwest Paris and the Porte de la Villette, the

northeast's stockyards district. But through motorcycle extensions the service can cover about 19 miles, from Versailles in the west to Pavillon-sous-Bois on the east.

The post office is shy about disclosing what the system costs to run. In fact, pneumatic letters account for only about one-third of the traffic, the remainder being telegrams and government mail moved free of charge. The annual income from pneumatic traffic was \$1.73 million in 1969—probably little more than one-third of the total cost.

"If we didn't have such a system since 1866, we'd have to build one," a post official said. Post office engineers from the United States and other countries have studied the Paris system recently.

Only the maintenance crews ever go near the sewers. The pneumatic sorting offices are models of efficiency and cleanliness.

Once at the Paris-Bourse post office a dead rat shot out of the incoming tube into the hands of a sorter. His colleagues suspect that it was a practical joke from somewhere along the tube, rather than a genuine sewer rat.

Today In History

By THE ASSOCIATED PRESS

Today is Tuesday, Sept. 1, the 244th day of 1970. There are 121 days left in the year.

Today's highlight in history:

On this date in 1945, Japan surrendered aboard the battleship Missouri at the end of World War II.

On this date:

In 1682, English Quakers led by William Penn sailed for America.

In 1807, a court in Richmond, Va., acquitted Aaron Burr. The Revolutionary War officer and former vice president had been charged with treason.

In 1878, a woman was employed as a telephone operator for the first time when Emma Nutt took over the switchboard at the Telephone Dispatch in Boston.

In 1923, the Japanese cities of Tokyo and Yokohama were devastated by an earthquake. At least 150,000 lives were lost.

In 1939, the second World War began as Germany invaded Poland.

In 1946, the people of Greece voted in a plebiscite to recall King George II.

Ten years ago—The United States charged the Soviet Union was trying to hinder United Nations peace efforts in the Congo.

Five years ago—U.S. officials confirmed that the State Department had apologized for actions taken in Singapore by the Central Intelligence Agency.

Neglected Founding Father

One of the founding fathers who has largely, and undeservedly, dropped from public memory is John Jay. He was a quiet man whose fame has suffered by comparison with more brilliant leaders such as Franklin, Hamilton and Washington. He nevertheless made notable contributions in the course of a distinguished career which included service as our first chief justice and as governor of New York.

A rare diary of Jay's just acquired by Columbia

University adds much to our knowledge of the Revolution's development. Jay could not sign the Declaration of Independence, which he favored, because he was absent at the time. However, it appears there was good reason for his absence: he was on a mission to get cannon and munitions, which the patriots used to defend the Hudson River from the British.

Under President Washington, Jay successfully negotiated an important treaty with the British. Because its

concessions were unpopular he was burned in effigy and abused from a safe distance, but the pace was a noteworthy achievement; it adjusted significant difficulties.

The passing of the Federalist party which gave us our first two chief executives, Washington and Adams, left Jay without a political home. He took this tranquilly, as he did everything else. His death in 1829 removed a man of high ability and spotless character who deserves the honor of being well remembered.

Paying For Old Mistakes Of Government

THESE DAYS.... By John Chamberlain

We live in a topsy-turvy world. In the old days corporations went on ability hunts; they wanted bright people who were capable of a disciplined approach to life. But now we have what Lillian Boehme, in "Carte Blanche for Chaos" (a book on the Kerner Report on slum riots), refers to as "a lunatic big-game hunt conducted on a nationwide scale."

Corporations, at the behest of the Federal Government, are setting up negative standards for employment: they are seeking school dropouts, unemployed people with no consistent record of work and an annual family income of less

than \$3,000 a year, ex-convicts, and functional illiterates who must be taught how to read English before they can be trained to read a blueprint.

It's crazy from an economic point of view, but Mayor Sam Yorty of Los Angeles, in his review of what has happened in the slum area of Watts in the five years since the riots, argues that the craziness has been transmuted into some form of sanity.

The Watts Labor Community Action Committee, directed by Ted Watkins, now operates two service stations, a poultry ranch, a credit union, a grocery store training center, and a

chain of supermarkets. An Economic and Youth Opportunities Agency has found work for some four thousand Watts boys and girls this summer.

And the Economics Resources Corporation, a non-profit group created by the U. S. Chamber of Commerce and run by a volunteer board of businessmen, has set up a 60-acre "community industrial park" in the Watts area.

THE LOCKHEED Aircraft Corp.'s Lockheed-California division recently moved into a \$2,500,000 plant in the Watts Industrial Park, where it is now making parts for the new Tri-Star L-1011 jumbo jet. Using the new "negative standards" for employment, with 200 workers recruited exclusively from among the previously unskilled, the Lockheed management claims it now has a work force that is "enthusiastic, highly motivated, and already anxious to compete against departments in the parent company."

The taxpayer subsidizes Lockheed to produce C-54 "flying freighters" for the Air Force and he also subsidizes all those government-funded programs for the Watts area in general. So Lillian Boehme, who is our most severe critic of the "war on poverty" as it is being conducted by our politicians, says the whole business is morally wrong simply because it is based on the forcible seizure of resources from the able segments of society in order to support the drones. From the abstract point of view she is quite right.

But Mayor Yorty would insist that a principal of retribution must govern what is being done in Watts to prevent a recurrence of the riots. True enough, you can't run an economic system by setting up "negative standards" for employment everywhere.

This would guarantee an economic collapse, with everybody on relief and no product to tax in order to pay for the relief. But our modern slum areas were created by government action in the first place, and if Lockheed, along with other corporations, can really train and motivate some of the "hard core" to do a decent day's work, it is perhaps the cheapest way of paying for the government's idiocies of the New Deal period.

HOW DID the government create the modern slum? It did it through the agricultural programs of 1930s and 1940s when cotton growers, among others, got big payments for taking acreage out of production.

The money the big farmers got for non-production was used to buy all that labor-saving equipment that did away with the necessity for field hands on the acres still being used. So the blacks in the South, with less cotton-chopping to do, had to seek employment in the factories of the North. They crowded into central city areas that were already being deserted by older minorities which had grown relatively affluent.

Now the government, faced with a condition and not a theory, must pay for its old mistakes.

How can we get away from it? If the corporations can

THE BETTER HALF By Bob Barnes

"Lady, there aren't any new washday miracles this week... Some of our customers are making do with last week's washday miracle."

Dear Abby: By Abigail Van Buren

He's Living It Up' At His Own Expense

DEAR ABBY: My husband is 55, and thank God he's in pretty good health, but every time he hears that someone he knows under 75 dropped dead, he announces that he is going to "start living." Abby, Harry has been "living" all his life, and if he has ever missed anything, I don't know what it could be.

Well, Harry started "living" again last week after he buried a 57-year-old friend. He is eating all the things he shouldn't (he is supposed to watch his diet because he's inclined to be heavy) and he also drinks more than what is good for him. He quit smoking a year ago, but now he's started again, saying he is not going to deny himself anything, because who knows, tomorrow his number may come up.

So what is a wife supposed to do with a husband like that? I love him.

HARRY'S WIFE
DEAR WIFE: Hit him over the head with his life insurance policy. If he doesn't get the message, nag him.

DEAR ABBY: Your support on behalf of that long-haired son who is unable to find a job because of his hair, and wants to bring his bride home for mom and dad to support, makes me cringe.

It is this kind of stupid thinking that makes parents support kids on college campuses who spend the academic year causing trouble instead of attending classes. I say the boy is entitled to wear his hair to his knees if he so wishes, but if he's old enough to make this decision, and old enough to take a wife, he must suffer the consequences. Mom and Dad should tell him to support his own wife and establish his own home.

What is a married man doing at home living off his daddy, anyway? Even the mother bird shoves her babies out of the nest to try their wings. She knows the only way to strengthen these wings is to use them. We are raising a generation of weak, crybabies, thanks to people like you, Abby. You blew it again, and I will be most surprised if you print this.

DISGUSTED IN WISCONSIN

DEAR DUSGUSTED: The parents of "Long Hair" asked me if they should let their college son (newly married and jobless) come home with his bride to hunt a job—on the condition that he cut his hair. I said, "If you let him come home, don't offer him bread with a hook in it." And, that's what I meant.

DEAR ABBY: There are 10 of us girls who recently formed a club. We call ourselves "The Triple T's" for "Ten Terrific Teens." We have a question to ask you.

How can a girl keep a boy interested in her without letting him get of hand — if you know what I mean?

Linda says a girl simply has to let a boy advance little by little in order to keep him coming back for more, but if he really gets out of line, she should slug him.

Barbs says a girl should advertise the fact that she is pure, and intends to stay that way. Well, that sounds groovy, but it

little in order to keep him coming back for more, but if he really gets out of line, she should slug him.

Barbs says a girl should advertise the fact that she is pure, and intends to stay that way. Well, that sounds groovy, but it

absorb some of the "hard core" and still make a profit, isn't it the best practical bargain that the despoiled taxpayer can make?

The dew point is the temperature to which air must be cooled to become saturated.

Glamor With Picturephone

By JOY STILLEY

NEW YORK (AP) — Soon I will be keeping more than a pad and pencil near the telephone—I'll have to stash a comb and mirror there too.

This extra equipment will be required to make sure I appear at my best when I answer the telephone, once the new Picturephones being commercially

tested in Pittsburgh come into general use.

There will also be a prominent sign to remind me, "Smile, you're on camera." But this admonition will be difficult to adhere to if the caller has aroused me from slumber.

While it will be pleasant to view my conversational partner, the problem will be to make sure he will find it pleasant to view me. So before I get in touch with the telephone operator I'll have to get in touch with the beauty operator.

My phone bills will be minor compared with my clothing bills. After all, I have to be properly dressed for those long-distance face-to-face confrontations.

Fortunately, I've still got time to assemble a suitably photogenic wardrobe, since the service won't be started in New York just yet. Another plus in my favor is the fact that the images are still being transmitted in black and white. So I don't have to make sure that the shade of my robe when I dash out of the tub to answer the phone matches the shade of my hair curlers.

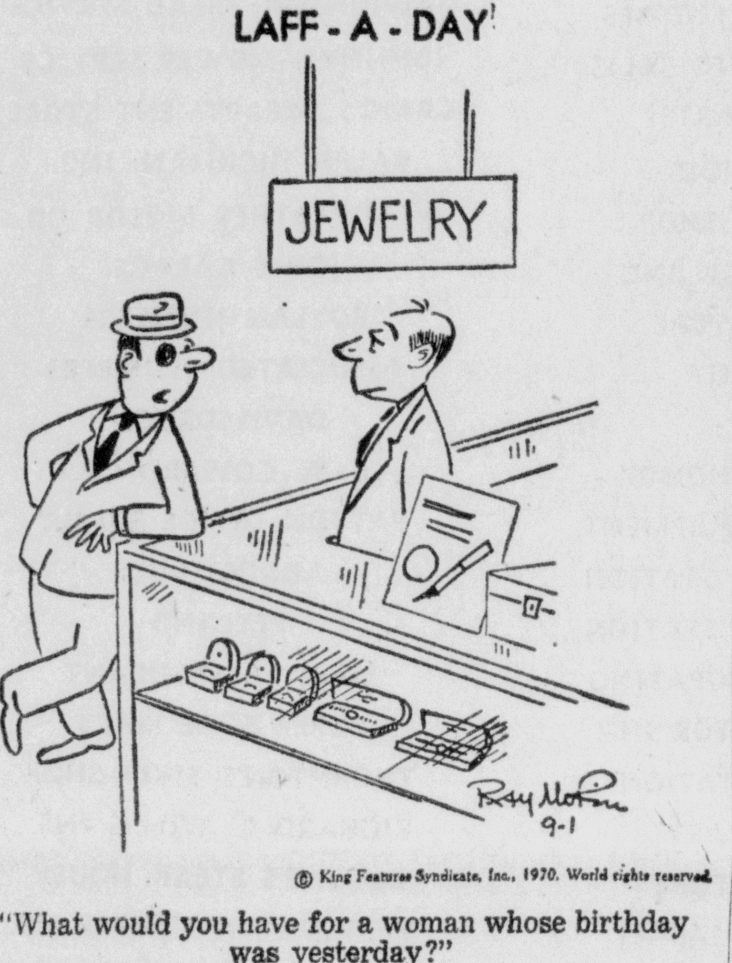

But they're experimenting with color, as well as three-dimensional pictures, and then I'll have to be as concerned with my skin tone as I am with my dial tone.

There are other difficulties inherent in these electronic encounters. Up to now all that was required of me during a conversation was that I speak up and enunciate clearly. In the future I'll have to remember to stand straight, smile sweetly and keep the best side of my face toward the camera.

In fact, this innovative show-and-tell instrument will cause numerous changes in the communicating public's life style. It will put an end to "blind" dates made by telephone, to interminable "guess who" games, to anonymous calls and to comedians who disguise their voices.

But it will have one really big drawback. What a disappointment it will be to get all dressed up to make a phone call and get a busy signal!

The ancient Khmer capital of Angkor, sacked by Vietnamese invaders in the 15th century, once more is threatened by hostile armies. The ancient city was discovered in 1860 when French naturalist Henry Mouhot broke through the tangled growth to find an awe-inspiring network of massive walls and gates, roads, causeways, moats, and canals, and statue-lined terraces dominated by the domed temples of a vanished empire.

"What would you have for a woman whose birthday was yesterday?"

1♦ 1♥ 1♠ Pass
1NT Pass 3NT

Opening lead—ten of spades. Suppose you're declarer at three notrump and West, who overcalled with a heart, leads a spade. As usual in notrump contracts, you start by counting your sure winners.

The count reveals seven positive tricks, and, since your goal is nine, you start looking for the method of play that offers the best chance of acquiring two more tricks.

There are several clues that govern the likely disposition of the missing high cards. One is that your king of hearts isn't

worth a plugged nickel if East ever gets on lead to play a heart through it. West is marked by the bidding with the ace.

Another missing key card is the king of diamonds. You can't be sure that West has it, but you should assume that he is more likely to have the king than East.

It can do you no good to lead the jack of diamonds from dummy, planning to finesse, for if East has the king he will cover, while if West has the king he will win the jack. In either case, all you will have done is acquire an eighth trick with very little hope for a ninth.

No, the best chance is to hope that West has the king and plan your play accordingly. So at trick two you lead a club to your ace and play a low diamond towards the jack.

If West goes up with the king, you automatically acquire three diamond tricks instead of the one you started with. So let's assume he lets you win the diamond with the jack.

You cash three more clubs and the ace of spades, then lead a diamond to the ace. Now you saddle West with the lead by exiting with a diamond. He is forced to return a heart to your king, and in that way you make four notrump.

Ho Chi Minh Doctrine 'Idle Words'?

By WILLIAM L. RYAN
AP Special Correspondent

"All men are created equal," said the document. "They are endowed by their Creator with certain inalienable rights. Among these are life, liberty and the pursuit of happiness."

With those words 25 years ago today, a declaration framed by Ho Chi Minh proclaimed independence for what he called the Democratic Republic of Vietnam, with himself as president. Ho, a veteran international Communist and agent of Moscow, long had planned to use the American words for his proclamation. Perhaps it was sincere admiration for the 1776 declaration, but perhaps, too, it was a device to mask Ho the Communist behind Ho the patriot.

Ho died a year ago Wednesday, at the age of 79. This week North Vietnam is commemorating the 25th anniversary and Ho's death, and the tone of the accompanying propaganda carries a strong suggestion of political uneasiness in Hanoi. Evidently some tension has been generated over the question of how Ho's legacy of power is to be distributed.

Ho had no successor. He could not have had one, since none of his heirs had anything like his stature. Thus there is now repeated stress in the Hanoi press on the motion of "collective leadership."

None of this seems likely to have any immediate effect upon

the wars in South Vietnam, Laos and Cambodia. Up to now the ruling Politburo in Hanoi has not let its political differences interfere with the machinery of battle. There could be a long-range impact, nonetheless, since what apparently has been

Ford Co. Timberland Bought By Government

MANCHESTER, Ky. (AP) — A large part of the Daniel Boone National Forest in Southeastern Kentucky was originally purchased by the Ford Motor Co.

Ford bought the land in 1920 to use the timber for automobile bodies, and still owns some of it.

Wood disappeared from automobile bodies and the government started buying the land in 1965.

The U. S. Forest Service now holds more than 100,000 acres of the forest land that includes parts of 12 counties.

41-Day Filibuster

PROVIDENCE (AP) — The Democratic minority in the 1923 Rhode Island Senate, led by Lt. Gov. Felix A. Toupin, staged a 41-day filibuster to force a vote on three measures in the party's platform. When the Republicans finally consented, the bills were defeated.

at issue in Hanoi has been the "how" of the war—whether "protracted war" should continue for years, or whether heavier investment should be made in a bid for a less distant decision.

The protracted war concept was originally espoused by Red China's Mao Tse-tung and supported in Hanoi by Truong Chinh, a powerful Politburo member. Chinh lost out early in 1968 when Hanoi decided to go all-out with the Tet offensive. Le Duan, now 62, as first secretary of the ruling Laodong Workers—party seemed the architect of the strategy.

Curiously, however, both sides in the argument appeared to win out, a development which might have averted a Poinburo showdown. The Tet offensive failed to achieve its objectives, but it was followed by President Lyndon B. Johnson's departure from the 1968 presidential campaign, by talks in Paris, by the end to bombings of the North and, perhaps most significant of

all, by intensified turmoil in the United States generated by the war issue.

Today, Hanoi's leaders seem resigned to protracted war for as long as necessary, while hopeful still of forcing the U.S. presence out of Vietnam entirely before South Vietnam's regime can become stable enough to resist the North's pressure. The North Vietnamese effort thus appears to have been slowed, even though Hanoi is more involved than ever as the result of the new front in Cambodia.

Hanoi has huge home front problems, as its propaganda makes abundantly clear. It has lots of military hardware and there is more where it came from, but the country is painfully short in civilian manpower and in every day necessities for the people. So the stress now is on "using small forces to defeat larger forces." This suggests that the viet Cong in the South must rely more heavily on their

Record-Herald Tuesday, Sept. 1, 1970 5
Washington C. H., Ohio

own guerrilla tactics.

If there is a struggle for power going on at the top, no clear evidence of it comes through the propaganda at the present time.

The indications are that Le Duan, the practical man as distinct from the inflexible ideologist Truong Chinh, has the dominant voice in the collective. He has been stressing in published statements the need for the minority to submit to majority decisions.

And so, 25 years after the invocation of the ringing words of the American Declaration of In-

dependence, it seems clear that equality and the pursuit of happiness have not come to the North Vietnamese.

One gets the impression that the men whom Ho brought up as leaders over the past quarter-century are obliged today to be gamblers. If they can hold out long enough, domination of all Vietnam, North and South, may one day be theirs. But the price will be heavy. Until then, the already tight North Vietnamese vocation of the ringing words of belt must be drawn even tighter.

Guide To Good Health

By LESTER L. COLEMAN, M.D.

SOME 56,400 people were killed in the United States by automobile accidents in 1969.

When one re-reads this line, all that may come out is a number which has no meaning and calls forth no emotional reaction on the part of the reader.

The mental image of 56,400 dead does not have the impact of the sight of a single boy lying in the street after having been hit by a car. This is real. Numbers are not, unless included is someone close to you who becomes such a statistic of automobile destruction.

I have always resisted making the comparison of all the lives lost in Vietnam against those lost in a single year because of car accidents. One does not measure death against death when, fundamentally, all unnecessary deaths are contrary to the basic laws of morality.

The epidemic of auto deaths rages uncontrolled while physicians and health agencies devote all their energies to saving a single life. Someone must explain that paradox to me. Frankly, I do not understand it.

The major cause of automobile accidents is the chronic alcoholic, the drunken driver, the emotionally disturbed driver, the drug addict.

The social antibiotic that can combat this epidemic disease of modern civilization is the consistent and careful review of the licensing of all drivers.

A fixed arbitrary rule that a convicted drunken driver permanently lose his driving license is the first step in fighting this menace.

Careful screening of every applicant for a driver's license can reveal handicaps that may be dangerous to his life and to others. Many states now require a physician's evidence of good eyesight and the absence of disturbances of the heart and circulatory system.

It is a recognized hardship when some people, incapacitated by forms of arthritis or neuro-

muscular disease, are deprived of their right to drive. But rather a hardship on them than a sacrifice of lives.

In some states, physicians are being assigned to carefully review the record of each applicant in order to rule out the unfit driver. Physical and psychological problems are being evaluated in order to keep unqualified people from driving.

The physician in America must not abdicate his role in preventive medicine by superficially scanning the health record of an applicant for a driver's license. Only in this way can we reduce one of the man-made hazards to our destiny.

Entertains Sunset Supper

Mr. and Mrs. Grant White, side, Waterloo Road, extended the hospitality of their home to the Christian Crusaders Class, of South Side Church of Christ, Saturday evening. The feature of the evening was a "sunset supper" with guests seated at long tables beneath the huge trees on the lawn. The class teacher, Dr. J. G. Jordan, gave the invocation.

Mr. Howard Brooks conducted the short business session.

Mr. Calvin Johnson gave the devotion and Mrs. Johnson gave two readings. Mrs. John Schiller provided interesting games for the enjoyment of the guests. The remainder of the evening was spent in playing lawn games.

Guests besides the members were Mr. and Mrs. Walter

Smithson and sons, Jeff and Mark, Miss Michelle Davis, and the Misses Linda, Joan and Jennifer Jordan.

Reschedules Sorority Meet

Members of the Phi Beta Psi Sorority have been misinformed of a meeting planned for Sept. 7.

Instead, they are asked to meet a week later, at 8 p.m. Sept. 14, in the home of Mr. Robert H. Willis, Bush Rd.

All members are urged to be present.

Picnic Is Thursday For Marshall Grange

JEFFERSONVILLE — Marshall Grangers will meet at 7 p.m. Thursday at the home of Mr. and Mrs. Edward Rankin for a wieners roast picnic.

Mrs. Rankin, the master said the annual election, which was scheduled for this meeting has been postponed until the regular meeting Oct. 1.

Herbert Slates Fund-Raising At 6 Receptions

COLUMBUS, Ohio (AP) — State Treasurer John D. Herbert, a Republican, disowned by his own party, has announced a series of six fund-raising receptions this month.

Herbert was barred from receiving the customary \$20,000 donation from party headquarters for his campaign for state attorney general after the party asked him to withdraw from the November election.

The scandal-shy GOP dropped support for Herbert after he accepted questionable primary campaign contributions from Crofters, Inc.

Herbert's office said the \$25-a-person receptions will be held Sept. 2 at New Philadelphia, Sept. 3 at Athens, Sept. 15 at South Point, Sept. 16 in Champaign County, Sept. 17 in Mercer County and Sept. 24 at Monroe. Others are being set up, Herbert's office said.

Brides-Elect Honored At Party

Mr. and Mrs. Maynard Smith Stuckey Rd., were hosts at an open house coffee hour for their two nieces, Miss Jane Marie Satchell, of Lebanon, and Miss Peggy Cook, of New Holland, who will be September brides.

An arrangement of blue and white shasta daisies centered the dining room table and two blue satin garters encircling a wedding band and diamond, were suspended from the light over the table. At each end of a desk, were recipe files and cards for the guests to write their favorite recipes for the two guests of honor. Later in the afternoon the files and garters were presented to each girl.

On the teacart was the bridal couple centerpiece that had been used on the wedding cake of Mr. and Mrs. Smith 20 years ago. Other decorations in the home were two bride dolls, belonging to the brides-to-be and various clocks set at 2:30 and 7:30 p.m., the times when the girls will be married. On the coffee table was a yellow and white mum arrangement, a gift to the Smiths, from Mrs. Opal Lansing.

Miss Satchell, daughter of Mr. and Mrs. Donald Satchell, will become the bride of Mr. William Sawyer, in Lebanon, on Sept. 5. Miss Cook, daughter of Mr. and Mrs. Frank Cook, will exchange marriage vows with Mr. Michael Landrum, in New Holland, Sept. 19.

Juice, small rolls and double coffee rings, tea and coffee were served to the guests with both couples assisting.

Guests came from Lebanon, New Holland, Madison Mills, Clarksburg, Columbus and Washington C. H.

Personals

John Richard Willis, son of Mr. and Mrs. Robert H. Willis, Bush Rd., arrived home from Europe where he has been working in France during the summer.

Mrs. Lela Skinner and Mr. Herbert Evans, of the Lafayette Motel, were weekend houseguests of Mrs. Ethel Talbot and daughter, Eloise, of Jamestown. On Sunday afternoon the two and Mrs. Altona Arnett visited with Mr. and Mrs. Otho Evans and son, Gerald, also in Jamestown.

Recent guests of Mrs. Albert Beathards, 618 High St., were Mr. and Mrs. Ralph Holcomb and children, Melissa, Ralph and Jill, of Columbus.

Dr. and Mrs. Robert Hastings and daughter, Suzanne, who have been living in Porto Alegre, Brazil, for the past two years, have been visiting their parents, Mr. and Mrs. Stewart Hastings in Wooster, and Mr. and Mrs. Glenn Heistand, 6 Heritage Ct. Dr. Hastings is a professor of agronomy at the university in Porto Alegre. He and Mrs. Hastings will return to the University of Wisconsin, Madison, Wisc., in March. Additional guests of the Heistands have been their son, David, who has been attending summer school at Asbury Theological Seminary, Wilmore, Ky., and Miss Ruth Haines, of Bradenton, Fla.

Herschel Bernardi, "Arnie" himself.

Del Russel, "Richard Nuvo."

New Leader Named For WCHO TOPS

Two former members of the WCHO TOPS chapter were welcomed at the meeting in Eastside School gym Monday evening. Mrs. Carl McCoy was crowned "queen of the week" and Miss Cathy Hunt was crowned "pre-teen princess."

Mrs. Chester Clay, also a good loser for the week, and Mrs. McCoy, told how they had counted calories to show a loss.

Mrs. Homer Chaney was announced as "queen of the month." Mrs. Walter Haines was winner of an award during the evening.

Division winners are Cathy Hunt (pre-teen), Mrs. McCoy, Mrs. Chaney, and Mrs. Joyce Cox.

Plans were made for the bazaar and bake sale, Oct. 3. Mrs. Emmet Campbell is chairman.

A committee for a skating party at Roller Haven, Oct. 27, was appointed. Members include Mrs. Donna Benson, chairman, Mrs. Carol Dunn and Mrs. Cindy Evans. Members will sell tickets in advance.

Due to the resignation of co-leader, Mrs. Beryl Smith, Mrs. Harry Shaw Jr., was elected to fill the office.

The group will meet at 7:30 p.m. on Labor Day.

Waitresses Out In Cold For Nixon's Dinner

CORONADO, Calif. (AP) — Within a week after Women's Liberation Day, 90 veteran waitresses have learned they apparently will be replaced by men at President Nixon's state dinner Thursday honoring Mexican President Gustavo Diaz Ordaz.

They're not at all pleased.

"Aren't we good enough to

serve the President and his dinner at the Hotel Del Coronado guests?" asks Ivy Easley, 40, a do.

However about 50 waiters

"We've been getting ready for have been hired through the San Diego local of the Waiters and Bartenders Union, AFL-CIO, a union spokesman said.

The waitresses, who work six days a week and make \$20 to \$30 in tips during their four-hour dinner shift, stand to lose a day's wages.

They have sent their story via telegram to the Western White House, to California Gov. Ronald Reagan and to several congressmen. However, they said that if no reply is received, the next move is a women's liberation group.

Tim Elborne, a White House spokesman, said simply, "State dinners have always been served by waiters." He added that no final decision has been made regarding waiters for the

child of the week

Lauren McCain daughter of Mr. and Mrs. Samuel McCain Grand-daughter of Mr. & Mrs. Walter P. Selva, Jr.

Man Fined \$100 On Check Charge

Three men were fined a total of \$180 and costs on conviction of non-traffic charges in Municipal Court Monday. Two were arrested on disturbance complaints and the other on a check fraud case.

Judge Reed M. Winegardner fined Kenneth R. Johnson, 23, Rt. 5, Washington C. H., \$100 and costs and sentenced him to 10 days in jail for issuing

an insufficient funds check. The jail term was suspended on condition of good behavior for one year and restitution of the money.

Johnson issued a check for \$50 to the IGA Market, Elm Street, without having sufficient credit with the bank. The charge was filed by Paul E. Campbell, store manager.

Okey Richardson, 30, of 815 Maple St., and Carl Snyder, 29, of 432 Third St., were each fined \$40 and costs by Judge Winegardner on disturbing complaints.

Richardson was arrested by city police for allegedly striking Snyder in the face while officers were present, while Snyder was charged by Richardson for threatening his children in an incident on the street near their homes Saturday.

A charge of disturbing the peace by threatening filed against Lonnie L. Ayers, 27, of Bloomingburg, was dismissed at the request of the prosecuting witness, James Sutton, also of Bloomingburg. Judge Winegardner assessed costs in the matter against Sutton.

New Oberlin President Favors Youth

OBERLIN, Ohio (AP) — Robert W. Fuller, 33, officially became the 10th president of Oberlin College today.

Fuller, who enrolled at Oberlin at the age of 15, strongly supports youth and said in a recent interview that "if you look back to the founding of this country, you will find that the people who drafted the Declaration of Independence and played key roles in early American history were in their 20s or early 30s.

"Two hundred years later the country is being run by men in their 60s or 70s.

"To the youth today the period he must spend in preparation before being allowed to participate seems endless—especially when he notes the discrepancy between the launching of this country and the way things are conducted now."

Fuller was the unanimous choice of four committees—faculty, students, trustees and alumni—for the office vacated by Robert K. Carr who left Oberlin to join the staff of the American Council on Education.

For the past two years Fuller served as dean of the faculty at Trinity College in Hartford, Conn.

Three Ohioans Killed In Asia

WASHINGTON (AP) — The Defense Department reported Monday that three more Ohioans have lost their lives in the war in Southeast Asia.

Marine Corps Lance Cpl. Michael J. Courtney of Youngstown, Army Pfc. Carl E. Dunn of Chillicothe and Army Spec. 5 Paul Ward of Rarden were all killed in action.

NEW TEACHERS — New teachers in the Miami Trace School District assembled for a special meeting Monday prior to the opening of school. The new teachers are (left to right, front) Mrs. Hugh Patton, New Holland; Linda Barker, Eber; Freda Corcoran, Madison Mills; Lynn Moore, Bloomingburg; Nancy Johnson, Madison Mills; Elnora Armitrout, Staunton; (second row) Betty Shipley, Madison Mills; Patricia Miller, Eber; Celeste Armentrout, Olive, Wilson and Jeffersonville; Claudia Coe, Chaffin and Jasper;

Evelyn Reser, Jeffersonville; Jennifer Pellior, Chaffin; (third row) Sue Stewart, Wayne; Carol White, high school; Alberta Brennan, Jasper; Shirley Newell, Staunton; Jean Davis, high school; Vicki Snow, high school; Anna Hutchens, Bloomingburg; (back row) Boyd Phillips, high school; Ruth Markley, Bloomingburg; Dave Owens, Good Hope; Ned Friece, Eber; Jan Stauffer, high school; and Roy Lucas, high school.

Foundation For School Year Laid At Teachers Meetings

Teachers in both the Washington C. H. and Miami Trace schools were back in their classrooms again today after the summer vacation and meetings Monday at which they got reacquainted and laid the foundations for the nine months of school ahead.

Both meetings prefaced with a coffee and doughnut social session before the teachers got down to the business of preparing for the coming school year.

The general session for the Washington C. H. teachers was held in the junior high school auditorium. After the invocation by the Rev. John W. Armentrout, pastor of Grace United Methodist Church, the teachers were welcomed by Superintendent Marshall D. Boggs.

"Motivation-Guidance Discipline in the Classroom" was

discussed by a panel composed of Judge Evelyn Coffman, of the Common Pleas Court; three students, Bill Junk, Steve White and Marty Schaeper; and four teachers, Allan Salvador, senior high school, Ms. Lucinda Sagar, kindergarten, Mrs. Regina DelPonte, senior high school, and Mrs. Helen Reed, Belle Aire elementary school.

Mrs. Caroline Shaper, a Cherry Hill teacher, Fred Cluff, a senior high school teacher, and Thomas Rankin, a junior high school teacher, concluded in summarizing the views expressed by the panel that motivation and guidance are the primary responsibilities of the parents and that discipline is the responsibility of the schools. They agreed that cooperation of school and home is essential for proper child development.

The day came to an end for the city teachers with a picnic in

Washington Park Monday evening.

THE 22 NEW teachers in the Miami Trace schools, met for breakfast with school administrators in the high school cafeteria. The breakfast was sponsored by the Miami Trace Educators Association and the E&E Insurance Co. Superintendent Guy Foster welcomed the newcomers to the Miami Trace Schools.

After the breakfast, the new teachers joined the rest of the staff for coffee and doughnuts before going into the general session in the auditorium.

After group singing led by Mrs. Joan Rhoads and the invocation by Charles Roark, a Good Hope teacher, Superintendent Foster introduced the new teachers: Harold Wright, the elementary school coordinator, presented the elementary school teachers; Principal Curtis

Fleisher, the high school teachers; and Mrs. June Slaughter, the teachers in the Title I program.

Dr. Alexander Frazier, professor of education at Ohio State University, the principal speaker, declared that "in this changing society people today are more vocal and that it is up to the schools to give them direction.

The session was concluded with a review of the financial condition of the schools by Superintendent Foster and a appeal to the teachers to evaluate themselves and their efforts.

According to National Geographic, legend credits a Chinese woman seeking shade as the inventor of the umbrella in 2000 B. C. Early umbrellas, shaped like Buddhist pagodas, soon became symbols of religious and political power.

Gridders Cut Back To One Daily Practice Session

Twice-a-day football practice drew to a close Monday for high school gridders at both Miami Trace and Washington C. H., although the opening games are still 10 days away. From now on, both teams will be in action only in the afternoons.

With the valuable days of concentrated football now behind, coaching staffs at both schools can only hope that they have really achieved most of what they hoped to. And, since, neither head coach Maurice Pfeifer, at Washington C. H., nor head coach Roy Lucas, at Miami Trace, seems especially worried or upset, it appears that there has been ample progress made.

At Miami Trace, suspicious were confirmed that tackle Neal Noble's hand was indeed broken in a freak accident prior to Saturday's scrimmage at Unioto. Noble, counted upon to be a

mainstay in the line will be out for about two or three weeks. The fracture was not an especially serious one.

Lucas had a chance to view the films of the Unioto scrimmage over the weekend, and was pleased with what he saw. "Naturally, you see a lot more of the mistakes," commented Lucas, but he added that in spite of them, the Panthers' performance was generally good.

Lucas said that he was happy with the pass protection afforded the quarterbacks by MT's offensive line. "This area has come the farthest the quickest," Lucas said of the line's pass blocking.

Offensively Lucas added that quarterback Jeff Blake did a fine job as well.

Defensively, examination of the films showed that the Panthers made more mistakes

than were apparent Saturday. Lucas said that several of the errors could have been capitalized upon by the Shermans, which might have made the score a little closer. Adjustments are already being made to eliminate these errors.

Tackle Steve Warnock was the standout defensively for the Panthers.

The Panthers planned to orient themselves to the afternoon practice routine Tuesday. They will spend 45 to 50 minutes at the start of each practice on kicking and other specialty phases of the game, then work about an hour and a half in regular practice.

MASCOT "TRAINS," TOO — Halfback Chuck Voith of San Antonio, Tex., bumps heads with Bill XVII, the Middies' mascot, as the Navy football squad starts practice at Annapolis, Md. The Middies hope to improve on last year's dismal record when the team won only one game out of 10.

33-Car Field Resumes Runs In Cal-500

ONTARIO, Calif. (AP) — The 33 cars making up the California 500 championship field returned to the Ontario Motor Speedway today after setting a record four-lap average of 172.540 miles per hour during a weekend of qualifying.

Today's runs were labeled "carburetion tests" but for most of the drivers it was to be the next to last opportunity to get in practice runs over the 2.5-mile Indianapolis-type oval.

A final round of tests, giving crews a chance to work on their pit stop procedures, are scheduled Friday.

In the carburetion tests, the cars run with full loads of fuel and team managers keep a close check on tire wear and the way the cars handle under racing conditions.

"These tests are extremely important before a 500-mile race," said Frank DeRoya, the 55-year-old chief of the U. S. Auto Club technical staff. "Three pit stops will be mandatory for the California 500, and the speed with which the crews get their cars in and out of the pits on these stops could make or break their chances in the race."

Most of the cars were fitted with fresh engines Monday, when the sparkling new \$25.5 million speedway was closed to the public.

Browns Trim Three Rookies

HIRAM, Ohio (AP) — Three rookies were cut by the Cleveland Browns Monday, and two more players must go today to get the squad down to the 52-player limit.

Trimmed Monday were John Redebaugh of Bemidji State, a tight end who was the Browns' 16th round draft choice; Bill Wazevich, a receiver from Columbia University, and Ted Allen, running back from Syracuse.

Wazevich, who had been signed as a free agent, said that after "spending this much time on football, I want to play somewhere this season."

"If I don't catch on with an NFL team, then maybe I can play in the Atlantic Coast League or somewhere else."

Coach Blanton Collier said he thought Wazevich could "play for somebody. He doesn't have great speed but he has good hands and can get open."

Prince Barrett Scioto Winner

COLUMBUS, Ohio (AP) — Prince Barrett toured the mile in 2:06 to win the \$11,000 pace by one and a half lengths Monday night at Scioto Downs.

The winner paid \$10.20, \$9.20 and \$4.40. Model Henry T. returned \$9.40 and \$4 while show horse Valley Bullett was worth \$2.80.

The 7-7 daily double paid \$151 and the 3-6 quinella returned \$76.80.

A crowd of 4,206 wagered \$197,741.

Final Open House Set At Scioto Downs

COLUMBUS — Scioto Downs will hold its final Open House of the season Tuesday night, with three \$1,000 cash prizes to be given away during the evening. There will be no admission charged to the grandstand or clubhouse.

Nine races are on the schedule Tuesday, including a \$1,500 feature pace.

The drawing for the first cash prize will follow the first race. If no one claims the money, all three prizes will be drawn for after the final race of the night.

WSHS Grid Tickets Currently On Sale

Season tickets for Washington Senior High School football are on sale now at Bray's News and Sports Center, and will be on sale until the first home game Sept. 11.

Those fans who had reserved seats last year can pick them up at anytime until 9 p.m. Sept. 10, although evening hours are preferred as more help will be available in the store. However, if ticketholders do not want their tickets this year, they should call Bray's or Clyde Cramer, WSHS ticket manager.

Season box seats will be \$12 and season reserved seats will sell for \$1.

Student season tickets are on sale for \$2 and will also be available at school and at the first game.

DETROIT (AP) — Philadelphia is the City of Brotherly Love, but when the Philadelphia Eagles leave home they must leave their love behind.

They left it behind Monday night, but they sure weren't angry enough to handle the growing Detroit Lions.

The Lions came out fighting first and shook hands later as they crushed the Eagles 31-7 in their National Football League exhibition game before a record preseason crowd of 56,932.

Although there were several fights during the game the biggest fight seems to be the one developing over who'll be Detroit's No. 1 quarterback. Greg Landry won his bout against the Eagles, firing a pair of touchdown passes and running 33 yards for another score to draw the praise of coach Joe Schmidt.

Bill Munson had started Detroit's first three games, although Landry has played considerably. Munson didn't play at all against the Eagles, who have lost their three exhibitions.

THE WASHINGTON C. H.

Blue Lions finished up the two-day practice schedule with defense in the morning and offense in the evening.

The defensive squad worked on improving its pass defense and also spent some time on goal-line defense. The kicking game was also incorporated into the work session.

A new offensive series was the main item on the offensive scrimmage agenda. The Lions are trying to add more plays to their offense before Wednesday's scrimmage. Work on the two-minute drill closed out the Lions' evening practice.

No further injuries were reported and Steve Ross, who sprained his thumb in Saturday's scrimmage at Fairmont West, worked all day as had been predicted.

The Lion squad came up with three four-leaf clover awards and a five-leaf clover award in Saturday's scrimmage.

Washington C. H. fans are reminded that Washington C. H. Football Boosters memberships will be sold Wednesday evening at "Meet the Team" Night in Gardner Park Stadium. Bumper stickers emblazoned with the Lions' "Crew Blue" motto will also be offered to the public Wednesday.

By LARRY PALADINO Associated Press Sports Writer

DETROIT (AP) — Philadelphia is the City of Brotherly Love, but when the Philadelphia Eagles leave home they must leave their love behind.

They left it behind Monday night, but they sure weren't angry enough to handle the growing Detroit Lions.

The Lions came out fighting first and shook hands later as they crushed the Eagles 31-7 in their National Football League exhibition game before a record preseason crowd of 56,932.

Although there were several fights during the game the biggest fight seems to be the one developing over who'll be Detroit's No. 1 quarterback. Greg Landry won his bout against the Eagles, firing a pair of touchdown passes and running 33 yards for another score to draw the praise of coach Joe Schmidt.

Bill Munson had started Detroit's first three games, although Landry has played considerably. Munson didn't play at all against the Eagles, who have lost their three exhibitions.

Third-stringer Greg Barton played the fourth quarter for the Lions who have won three straight in a 3-1 record.

It is generally conceded Detroit has a fine defense. The Eagles only score came on a one-yard plunge by rookie Lee Bouggess with a minute left in the game, with Mark Moseley converting.

Landry put the Lions ahead 7-0 at the five-minute mark of the first quarter with a 29-yard touchdown pass to tight end Charlie Sanders. The sensational Sanders, recently returned from the Army, made fine catches on two other apparent TD tosses from Landry only to have them nullified by penalties. One was a 46-yarder in the second quarter and the other for 42 yards in the third.

Sanders didn't only shine as a receiver. Landry, who likes to run, found his receivers covered and so sprinted the 33 yards for his TD in the third period. Former Michigan State quarterback Jimmy Rave, an Eagles defensive back, had a clear shot at Landry on the five but Sanders upended him with a jarring block.

The 6-foot-4, 235-pounder was involved in a little of everything. In the third period he and Eagles defensive tackle Gary Pettigrew scuffled briefly.

"Landry was rolling out and the only person between him and me was Pettigrew," Sanders explained. "So I blocked him in the legs and he started kicking me. But we shook hands afterwards."

However, the big fight came early in the fourth quarter moments after Lem Barney intercepted a Norm Sheard pass and returned it 16 yards to the Philadelphia 24.

Lions defensive back Bobby Williams threw a punch at Eagles defensive tackle Ernie Calloway after both benches cleared to the Eagles end zone.

Frank Howard lofted a two-run homer into the stands Monday night off rookie Steve Dunne to cap a four-run rally as the Senators edged the Indians 5-4.

The homer was Howard's 38th, tying Minnesota's Harmon Killebrew for the American League lead.

By HERSCHEL NISSENSON Associated Press Sports Writer

If you thought you saw everything last year when the New York Mets caked walked to the world championship with a great young pitching staff... well, you haven't seen everything. This time the Mets may do it with their bats.

They snapped a three-game losing streak Monday night by trouncing the St. Louis Cardinals 11-5 with the help of two-run singles by Donn Clendenon, Art Shamsky and Cleon Jones and Tommie Agee's 22nd home run.

That was the only game in the tangled National League East and the standings now show Pittsburgh on top by one game over the Cubs and 1½ over the Mets.

America Sweeps Davis Cup, 5-0

By WILL GRIMSLEY AP Special Correspondent
CLEVELAND (AP) — If the Davis Cup is to survive, it may not only have to go open, it may have to go public, as well.

This was the feeling of leading tennis figures after the United States completed a 5-0 rout of disappointing West Germany Monday in the cozy and somewhat restricted confines of the Clark Memorial Stadium in fashionable Cleveland Heights.

"We must take tennis out of the country club atmosphere and return it to the people," said Arthur Ashe Jr., of Richmond, Va., mainstay of the U.S. Davis Cup team for the last seven years.

Alastair Martin of New York, wealthy president of the U.S. Lawn Tennis Association, agreed.

"I think we should start thinking about putting the Davis Cup in the big public stadium—the ball parks or the coliseum," Martin said. "It should be a big show where the average sports fans could attend."

Donald Dell, the ex-U.S. Davis Cup captain, said, "The ghetto of the country club is holding back the progress of the sport."

Pete Davis, whose father Dwight Davis donated the cup 70 years ago, said he knew of no restriction against playing the Davis Cup in a closed arena such as Madison Square Garden or the Houston Astrodome.

"I would like to see more people given a chance to view the matches," Davis said.

The future site of the Davis Cup challenge round became a question mark when the USLTA indicated it was searching for another city. Cleveland has held the last three—in 1964, 1969 and 1970.

The city built in a hard surface court in a junior high field, constructed bleacher-type stands and proceeded to hold the world's top team tennis show for a capacity 7,500, most of them affluent residents of the community paying \$6 to \$12 a seat.

"How many fans are you going to get at \$12 a seat?" asked Ashe. "Tennis is too snobbish, anyhow."

WASHINGTON, (AP) — Ken "Hawk" Harrelson returns to the Cleveland Indians' active roster today, and he says he is ready to see action as a pinch hitter immediately.

However, Manager Alvin Dark remains cautious about the Hawk's return to action.

Harrelson was sidelined by a broken leg during a pre-season exhibition game. The cast came off his leg several weeks ago, and he has been working back into shape gradually.

Also back on the Tribe roster today is pitcher Mike Paul returning after a stint in the minors. He was named by Dark to start tonight against Washington's Dick Bosman (14-9).

Frank Howard lofted a two-run homer into the stands Monday night off rookie Steve Dunne to cap a four-run rally as the Senators edged the Indians 5-4.

The homer was Howard's 38th, tying Minnesota's Harmon Killebrew for the American League lead.

New Orleans Bucs Sold To Memphis Buyer

By RANDOLPH SCHMID
MEMPHIS, Tenn. (AP) — The New Orleans Bucs, faced with slumping crowds and loss of revenue at home, have been sold and will be moved to Memphis this season.

The move, announced at news conferences Monday in both cities, remains contingent upon approval of the league expected today.

P.L. Blake of Greenwood, Miss., negotiated purchase of the team from Maurice Stern of New Orleans.

Neither side would disclose the purchase price, but Stern admitted that the club owners did not get their investment back. "We took a loss," he said.

Stern said he had initially been approached by Blake about 10 days ago, and the formal agreement was reached Saturday.

Coach J. H. "Babe" McCarthy, who will remain with the squad, said pre-season practice will begin Sept. 14.

Club spokesmen said that at least temporarily the team will be renamed the Memphis Pros. Eventually, they said, the citizens of Memphis will have an opportunity to choose a new name for the squad.

McCarthy said that a six-game exhibition schedule has been planned, to precede an 84 game regular season schedule.

The Pros will open their season Oct. 22 at the Mid-South Coliseum in Memphis against the Kentucky Colonels.

Last year McCarthy piloted the Bucs to a .500 record, but still finished last in the ABA's Western Division.

Coach J. H. "Babe" McCarthy, who will remain with the squad, said pre-season practice will begin Sept. 14.

Club spokesmen said that at least temporarily the team will be renamed the Memphis Pros. Eventually, they said, the citizens of Memphis will have an opportunity to choose a new name for the squad.

McCarthy said that a six-game exhibition schedule has been planned, to precede an 84 game regular season schedule.

The Pros will open their season Oct. 22 at the Mid-South Coliseum in Memphis against the Kentucky Colonels.

Last year McCarthy piloted the Bucs to a .500 record, but still finished last in the ABA's Western Division.

Neither side would disclose the purchase price, but Stern admitted that the club owners did not get their investment back. "We took a loss," he said.

Stern said he had initially been approached by Blake about 10 days ago, and the formal agreement was reached Saturday.

Records Fall At State Fair During Sale Of Livestock

Record-Herald Tuesday, Sept. 1, 1970 9
Washington C. H., Ohio

COLUMBUS, Ohio (AP) — More records fell at the Ohio State Fair Monday as all three grand champion animals in the junior fair Champion of Champions livestock sale set international price standards.

Continued sunny skies and temperatures near 80 contributed to record crowds. The fair's one millionth visitor was expected to pass through the gates early this morning after

a record fifth-day crowd of 167,831 pushed the five-day total to 991,165 Monday — another record.

Sir Loin, a 1,140-pound Charolais steer shown by Dean Bush of Gallipolis, sold for \$22.40 a pound to Borden Inc.'s BBF restaurants of Columbus. The grand champion steer sold for \$25.536 and the national and state Charolais association added another \$1,100.

BBF paid \$2,000 for the reserve champion exhibited by Wade Paeltz of Georgetown. The 1,075-pound Black Angus was given to Gov. James A. Rhodes for charity and the governor turned over the steer to Children's Hospital in Columbus.

History repeated itself as the Bob Evans farms bought the grand champion barrow from

Marilyn Isler of Prospect, Marion County. Miss Isler was the first person in the fair's history to show consecutive grand champions and Evans bought them both years.

This year's champ, a 200-pound Duroc, sold for \$37.50 a pound. After paying \$7,500 for the barrow, Evans returned the hog to Miss Isler.

Renzetti's IGA of Columbus paid Kevin Zimmerman of Leesburg \$5.50 a pound for the reserve champion, a 205-pound crossbred.

Karen Kline of Bucyrus, a 10-year-old making her first ap-

pearance at the fair, received \$1,732.50 for her 105-pound crossbred grand champion market lamb from the Grandview Inn of Columbus, which paid \$16.50 a pound.

The 104-pound reserve champion shown by James Jagger of Mount Gilead sold for \$5 a pound to Evans Packing Co. of Gallipolis.

In the senior show Monday, the grand champion steer was a 1,175-pound Charolais shown by Shearbrook Farms of Dayton, and the reserve champ was a 1,130-pound Angus owned by Pat Opelt, 19, of Woodville.

"Expohio '70" continued today with the 50-50 club, the 5th

Dimension, Dave Merrifield's in the Grandstand. Wednesday's big attraction will be the helicopter acrobatics, the Gold diggers and Mary Lou Collins Johnny Cash show.

McGovern Says U.S. Policy Plays Into Hands Of Reds

WASHINGTON (AP) — Sen. George McGovern has told a nationwide television audience that "The longer we stay in Vietnam, the more we play into the hands of the Communists and weaken our society."

McGovern, D-S.D., and Sen. J. W. Fulbright, D-Ark., appeared in prime time offered by NBC Monday night to respond to presidential telecasts relating to the war.

McGovern charged that "If Peking or Moscow had been in charge of American foreign policy for the past decade, they

could not have devised a policy to hurt us more than the one we have chosen for ourselves."

He noted that "The two great centers of Communist power in the world are Russia and China. Yet while we have poured our substance in Vietnam for 10 years, not one Chinese or Russian has been expended in that conflict."

Both McGovern and Fulbright said the war was to blame for dissention and hardship in America by dividing the country over the issue and draining the nation's resources away from

vital domestic problems.

Both said President Nixon's so-called Vietnamization plan was ineffective and too indefinite. McGovern especially complained that it still would leave 280,000 Americans in Vietnam "until the Saigon rulers are ready for us to leave."

"The trouble with that formula is that General Thieu and his government are never likely to want us to leave," McGovern said. "They owe their power to American military and financial presence."

Clear, Cool Air Braces Northern U.S.

BY THE ASSOCIATED PRESS

September brought clear and occasionally crisp weather to much of the northern half of the nation today.

Temperatures dipped into the frosty 30s from the northern Great Lakes to interior New England. Readings throughout the 40s were common over the region before daybreak.

Warm and humid conditions persisted from the Gulf states across the South and triggered thunderstorms from Texas into the lower Mississippi Valley.

Heavy rains soaked parts of Arkansas and Texas in the predawn hours. More than 2 inches drenched Fort Smith, Ark., and nearly an inch fell on Fort Worth, Tex.

Torrential downpours hit some Texas communities late Monday. More than 6 inches poured into Terrell, east of Dal-

Residents Evacuated Near Proctorville

PROCTORVILLE, Ohio (AP) Residents near here returned to their homes Monday night after being evacuated when a tank truck loaded with carbolic acid overturned on Ohio 7.

Volunteer firemen said about half of the truck's 5,000-gallon load spilled into a creek and an unknown quantity drained into the Ohio River. The truck driver, Donald Rice, 22, of Chesapeake, was treated for cuts and released. No other injuries were reported.

las, and almost 3 inches doused Denton, north of Dallas-Fort Worth.

Scattered showers dampened sections of the Rockies, but dry weather prevailed in most other areas of the West.

Temperatures before dawn ranged from 38 at Concord, N.H., to 98 at Needles, Calif.

During thunder storms lightning frees nitrogen from the air, and rain washes it into the soil at the rate of a hundred million tons a year.

Fulbright took issue with Nixon administration claims that withdrawal would bring "the first defeat in American history."

"A war is not a football game which you play to win for the sake of winning," he said. "A war is fought for political objectives. And when it is recognized that those objectives are unattainable at a reasonable cost, the appropriate course of action is to end the war in an orderly and expeditious way."

DAILY CRYPTOQUOTE—Here's how to work it:
A X Y D L B A A X R
is LONG FELLOW

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Your Horoscope

The Stars Say—By ESTRELLITA

For Tomorrow

RESTRICTIONS where finances are concerned continue, so be careful in buying, selling, budgeting — all monetary affairs. A mild day, generally, in which it would be advisable to stick to routine matters and not to expect too much from anybody or anything.

For The Birthday

If tomorrow is your birthday, your horoscope indicates that, while the period between Oct. 10 and mid-January should prove highly satisfactory where occupational interests are concerned, you will, generally speaking, have to work a little harder than usual to achieve all that can be yours late in 1971. Except for brief periods in late March and early May, when you may be the beneficiary of some unexpected tokens of recognition for past work, you cannot expect much further advancement until early next June. A good 3-month cycle be-

ginning then should more than make up for all your efforts, however, so keep your objectives in view and don't let down in effort.

Most propitious periods on the monetary score: November, January, early March and mid-July. Do, however, avoid extravagance and speculation in intervening months. Those with creative leanings — and they abound in Virgo — should find November, January, June and next August highly inspiring — and profitable.

Personal relationships will be governed by generally good aspects during the next 12 months, with a strong accent on romance during October, December, January, April and August. A child born on this day will have a generally gregarious nature, but may yield to moodiness at times — especially if he finds that others will not or cannot live up to his standards and lofty ideals.

TV Viewing

By CYNTHIA LOWRY
AP Television-Radio Writer

HOLLYWOOD (AP) — The television cycle seems to be like women's fashions. Science-fiction and fantasy are currently out of style as themes for new series. "The Immortal," a new ABC effort, skirts cautiously around the edges of both categories, but comes up as action-adventure, which again is definitely in.

In this weekly hour the hero will play a man with extraordinary blood which makes him immune to age and disease. He can die by violence — and, of course, cancellation if the ratings are low.

Christopher George, who survived two seasons of World War II guerrilla fighting in "Rat Patrol" with only superficial scratches, will play a man blessed — or cursed — by immortality but hunted by an aging billionaire who wants to use him as a living blood bank to insure his own longevity.

"We don't say, but I figure that Ben Richards — my character — is between 40 and 50 years old, but of course it doesn't show," George explained. "But I also know that everybody I associate with is going to age except me. So I won't get tangled up emotionally. In fact, in the beginning of the series we get rid of the girl who was my love interest in the show that was the pilot."

That pilot, which drew big audiences as a feature made for television, will be rerun Sept. 15. But lest the public get the idea that "The Immortal" is a dramatic cousin of "Bewitched" or "Star Trek," Chris and others in the cast use every opportunity to explain that the unique-blood premise is really not too far out. Chris carries a clipping about some man whose blood type is so rare that he earns about \$12,000 a year selling his blood to a research center.

George, incidentally, was in the happy position of being invited to star in two series spinning off a couple of ABC films he made for TV. He decided on "The Immortal" because it did so well as a one-shot and because he plays a swinging sort of hero — an automobile test driver.

It is still unofficial but is considered certain that Merv Griffin has CBS approval to move his operational base from New York to Hollywood.

The performer said recently that he requested the shift because similar programs — Johnny Carson's, Dick Cavett's, David Frost's — were all competing for guests in Manhattan with the result that there was much duplication of personalities and material. The most recent talk show based in Hollywood was Joey Bishop's, and the location didn't help him much.

In Focus
by
Charlie
Pensyl

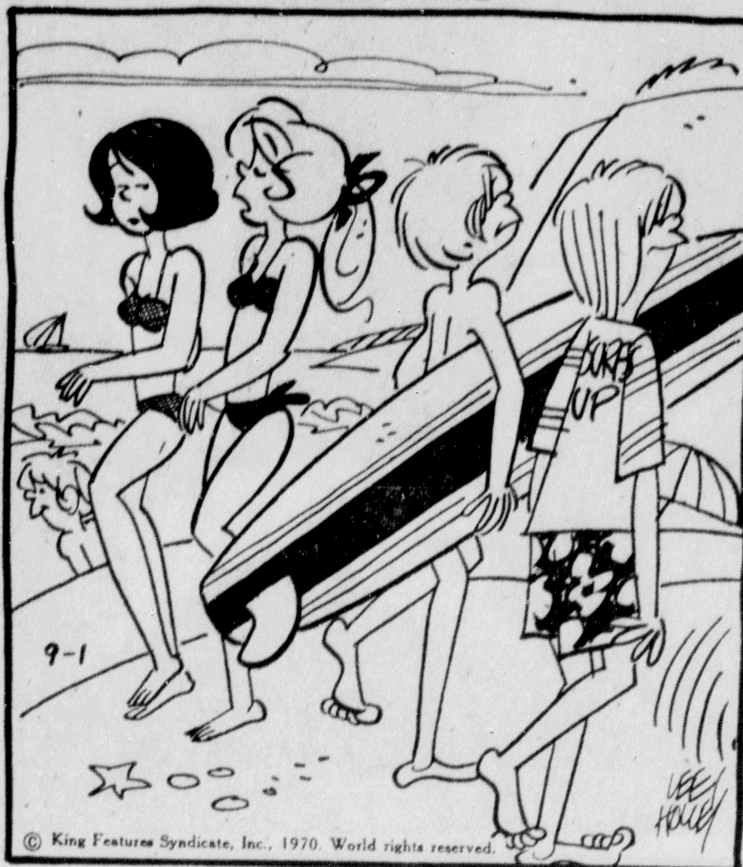

Football season is just about here and the usual bunch is at Wilmington getting pix of the Bengals at work. Yes indeed, we'll have the Friday night games, then the Saturday games on TV, and then the pro games on Sunday — check the TV Guide and you'll find some Monday games too. I shutter to think of all the odd jobs around the house that will have to wait 'til the Super Bowl is over.

Photographing football from the stands is much easier than it once was. If you have a boy on the team and a Super 8 movie camera then you better get some good footage of some of the game action. At Pensyl Camera Shop we have the fast black-and-white film like the coaches use in the Super 8 size. Just drop this in your camera and you'll have the pictures of Junior's 83 yard run to show his grandchildren. Wanta shoot color? We have High Speed Ektachrome in Super 8 size too. When Junior makes All-American you'll be glad you have these movies of his high school efforts.

Want color slides of the action? Are you with ESP? This ESP is for Ektachrome Special Processing, and it can solve many problems for sports photography at night. Come in and ask questions.

Two Hurt, Four Cited In Five Area Mishaps

Two persons were injured and damage was estimated at nearly \$4,000 in five traffic accidents investigated in the city-county area Monday and Tuesday morning. Four drivers were charged with traffic law violations.

A 1966 model car was demolished in a rear-end collision with a semi truck on Interstate 71 at 2:45 a.m. Tuesday and its driver was treated at Fayette Memorial Hospital.

Sheriff's deputies said Danny D. Lankford, 19, Rt. 1, Mount Sterling, was charged with failure to stop within an assured clear distance after his northbound car struck the rear of a truck operated by John W. Fisher, 47, of Syracuse, Ind. The mishap occurred 2.2 miles south of Ohio 38.

Lankford was treated for a laceration of the right foot and was released. The truck driver escaped unhurt, deputies said. Damage was estimated at \$300 to the rear of the truck and Lankford's car was described as a total loss.

MRS. JAMES ROBINETTE, 61, of Greenfield, was brought to Memorial Hospital for a checkup following a two-car mishap on Highland Avenue near Elm Street at 8:37 p.m. Monday. Mrs. Robinette reportedly is a heart patient.

She was a passenger in a car driven by James Robinette, 57, which collided with a car driven by Thomas Wheeler, 27, of Milledgeville. Officers said Robinette pulled from the Ashland Oil station on Highland Avenue into the path of Wheeler's car. Wheeler's car continued on after the impact and damaged nine rods of fence owned by Harry T. Hayslip.

Damage was estimated at \$300 to Wheeler's 1960 model and minor to Robinette's 1966 model. Robinette was charged with failure to yield the right of way.

A Leesburg area man was charged with operating a truck without an operator's license after a two-vehicle collision on Stafford Road at Barger Road at 8:20 a.m. Monday.

Charged was Jasper Burchett, 52, Rt. 2, Leesburg, whose truck brakes failed at the intersection as he approached Stafford Road. His vehicle struck one driven on Stafford Road by Ralph E. Wigert, 20, of Leesburg, officers said.

Wigert's 1957 model car was demolished and Burchett's truck had damage estimated at \$200. No one was injured, however.

AT 1:40 P.M. Monday on Rock Mills - Good Hope Road at the intersection of Locust Grove Road, cars driven by Roy Kingery, 55, Rt. 3, Washington C. H., and Meredith A. Herbert Sr., 51, Rt. 1, Fayetteville, were involved in a collision which caused damage estimated at nearly \$400.

Sheriff's deputies said Kingery, southbound on Locust Grove Road, pulled from a stop sign and was struck by Herbert's westbound car. Kingery was cited for failure to yield the right of way.

While attempting to avoid a collision, Kingery's car struck the rear of Herbert's car. The impact caused damage to both vehicles. Kingery was cited for failure to yield the right of way.

'Buddy System' May Become Permanent Plan
CINCINNATI (AP) — Safety Director Henry Sandman said that a decision by the police administration will be made by next Monday on a suggestion to have two men ride in each police car on a permanent basis.

Sandman made the statement Monday before City Council's Finance Committee.

In other action Monday, the committee had asked for the transfer of \$54,000 to pay overtime costs involved in putting two men in each cruiser for a nine-day period, and also requested increasing the September police recruit class from 21 to 35 men and approving city plans to start another class of no fewer than 30 by next Feb. 1.

striking a 6-year-old child on E. Elm Street near Olive Street, Rodney R. Grim, 16, of Bloomington, lost control of his car and it struck a light pole at 2:47 p.m. Monday.

Officers said the boy, Michael Winter, ran across the street in the path of the car. Grim applied his brakes and the car skidded off the street. Damage was estimated at \$175 to the 1964 model.

TB Patient Care Set At Chillicothe

A contract with the Tuberculosis Clinic in Chillicothe was signed Monday by Fayette County Commissioners.

The clinic will handle all Fayette County Tuberculosis outpatients for one year.

The arrangements were made by commissioners due to the closing of the Mount Logan Tuberculosis Sanatorium.

The service will cost the county \$25 per patient for laboratory fees and medication, \$5 for visits, \$5 for interpretation of X-rays and \$10 for private X-rays.

The commissioners also signed a contract for construction of a storage building on the county farm.

Higgins Construction Co., Hillsboro, was awarded the \$6,445 contract.

Dog Warden Reginald David filed 21 reports during the week, according to his statement to commissioners.

Damage Minor In House Fire

Damage was minor in an apartment fire at 223 N. Bend Rd., in the Gilmore subdivision off Hickory Ln., at 9:23 p.m. Monday, Washington C. H. firemen report.

Clothing came in contact with a light bulb and caused the blaze in the home of Mr. and Mrs. Phillip Alkire. Firemen said wall paint was damaged as well as clothing and a carpet.

MONEY RETURNED — A \$700 check paid to James M. Jennings and Associates, Columbus area planning consultants, as an advance on the Washington C. H. central business district plan has been returned by Jennings to D. E. Marsteller of the Chamber of Commerce. The check was returned following a payment by the national government for the project. The report on suggested development of the business district was accepted by the City Council earlier this year. Jennings also discussed the possible arrival of an undisclosed business in the Industrial Park.

ABM Intercepts Missile In Pacific

WASHINGTON (AP) — Development of the Safeguard Anti-Ballistic Missile (ABM) system has reached a significant milestone with its first interception of a missile in outer space, but the ultimate test remains five years away.

A Spartan missile fired Friday from a mid-Pacific test site on Kwajalein Atoll intercepted a Minuteman I ballistic missile nose cone high over the Pacific and above the earth's atmosphere.

It was the first time the Spartan was fired at an actual target and guided by its new and complex missile site radar (MSR), the Defense Department said Monday in a brief announcement of the test. In previous tests, Spartans were fired only at points in the sky.

"This was the first test to see if the system works," a Pentagon spokesman explained. "It wasn't the ultimate test but it was a milestone."

The ultimate test of the deployed multi-billion-dollar ABM system will come in 1975 when the first Safeguard site is scheduled to become operational with all its component parts, including the important but still not completed perimeter acquisition radar (PAR), at Grand Forks, N.D.

Safeguard is designed to protect America's offensive Minuteman missile force by knocking out incoming enemy missiles with its long-range, nuclear-tipped Spartan and short-range Sprint missiles.

Safeguard critics, both in Congress and the scientific community, question whether the ABM's guiding radars are sophisticated enough to distinguish the incoming nuclear warheads from decoys and other

Student From Peru Meets Classmates At Open House
Marco Cruz Rubira, of Piura, Peru, who will attend Washington Senior High School this year under the American Field Service program, had an opportunity to meet some of his classmates and adults interested in the foreign student exchange program Sunday at an open house at the home of Mr. and Mrs. Billie Wilson, 215 McKinley Ave., his American "parents" for the coming school year.

He also had an opportunity to meet another foreign student, Miss Evelyn Baldovino, of the Philippines, who will attend Miami Trace High School this year. She was a guest at the open house with Mr. and Mrs. William E. Williams, U. S. 62-S, her American "parents."

Assisting with the hostesses were Mr. and Mrs. Wilson's two married daughters, Mrs. Jowanda Harkins and Mrs. Juliana Seelbinder, Worthington. Mrs. Pamela Oyer, of Bowling Green, and Marco's American "cousins," Sandy and Johnny Bill Rhoads, daughters and son of Mr. and Mrs. John Rhoads.

Assisting hostesses were Mrs. John E. Rhoads and five WSHS students, Kathi Arnot, president of the student AFS chapter, Belinda Ramey, Cindy Mustine, Janice Patton and Wendalou Hopewell.

Zoning Board To Meet
The Washington C. H. Zoning Board of Appeals will hear a request Wednesday from Charles Seymour, 635 McLean St. Seymour is seeking permission to use the basement of his residence for a used merchandise store.

Offshore Oil Drilling End Is Proposed
WASHINGTON (AP) — The petroleum industry should confine its drilling to land and delay further offshore operations to protect the environment, a federal study suggests.

The study cited eruption of an oil well in California's Santa Barbara channel in January 1969 and pollution resulting from an oil fire off the Louisiana coast last February as examples of offshore operations damaging the environment.

The study, released today by the Joint Economic Committee of Congress, was prepared by the environmental policy branch of the Library of Congress.

The oil industry, the report said, has improved its record of containing blowouts on land, and pollution, when it occurs, is localized.

"With on-land problems of production and transportation of petroleum sufficiently well in hand so that substantial pollution seldom occurs, the on land search for new petroleum reservoirs might for this reason and other good reasons be encouraged," the report said.

Much of the United States has not yet been explored in depth for oil, the report said, and there are opinions that large areas are favorable prospects for oil and gas.

Ohio Representative Said Conservative
WASHINGTON (AP) — The Americans for Democratic Action, deploring "an over-all decline in liberalism in Congress," gave only 12 lawmakers perfect scores in an appraisal of 1970 congressional voting.

One of those rated perfect was Rep. Thomas L. Ashley, an Ohio Democrat. Almost half the members of Congress drew low marks — 25 per cent or less — in the ADA appraisal of voting records.

The blue whale is the largest animal ever to have inhabited the earth.

Red POWs Escape; 29 Are Still Sought

SAIGON (AP) — Forty prisoners of war escaped from a prison detail on Phu Quoc Island Monday after killing one of their South Vietnamese guards and wounding another.

Nine of the prisoners were killed and two wounded in a gun battle, but 29 were still at large today, South Vietnamese headquarters announced.

A spokesman said he did not know whether the prisoners were North Vietnamese, Viet Cong or both. He said there are more than 20,000 North Vietnamese and Viet Cong in the prison camp on the island in the Gulf of Siam just off the southwest coast of Vietnam.

A communique said the prison break occurred late Monday afternoon while South Vietnamese navy men were bringing the 40 prisoners back to the prison camp in a truck from a work detail at a navy base.

Some of the prisoners seized the sailors' weapons half a mile from the camp, killed one of the guards and wounded another.

Military police rushed from the camp to the scene, and the prisoners attacked them, the communique continued.

Phu Quoc is the biggest POW camp in South Vietnam, housing about 60 per cent of the 36,000 North Vietnamese and Viet Cong held by the South Vietnamese government.

Former astronaut Frank Borman visited the island prison last Saturday during a tour of world capitals and told newsman Phu Quoc was clean and well run.

Borman, who arrived in Tokyo today, has been touring major capitals for President Nixon, seeking help to ease the lot or secure the release of Americans held by the North Vietnamese.

South Vietnamese headquarters said the prisoners who escaped were believed to have gone into the island's jungled mountains, where an estimated 300-400 Viet Cong operate. Patrols were looking for the escapees, the government said.

The escape was the first reported on Phu Quoc since early 1969, when 21 prisoners got away through a tunnel during a riot in another part of the camp.

On the battlefronts, one major fight was reported near the coast 120 miles northeast of Saigon.

South Vietnamese militiamen spotted more than 100 Viet Cong trying to cross the coastal highway. South Vietnamese and American troops reinforced the militiamen, and helicopter gunships and bombers raked the enemy force which was later estimated to number up to 200 men.

The allies claimed 56 of the enemy killed and 12 rifles and nine heavy weapons captured. The U.S. Command said one American was killed, four were wounded and a helicopter was shot down. One South Vietnamese soldier aboard the helicopter was reported killed.

Arrests
MONDAY — James A. Robb, 57, Greenfield, failure to yield the right of way.

TUESDAY — Phillip O. Ford, 52, of 532 Lewis St., creating excessive noise with a motor vehicle.

SHERIFF
MONDAY — Michael Gibson, 17, Rt. 1, Bloomingburg, absence without leave from military service.

Samuel Ward, 31, Bloomingburg, assault warrant filed by James Cruse.

Ray E. Kingery, 55, Rt. 3, Washington C. H., failure to yield the right of way.

Walter H. Matson, 23, of 1222 N. North St., reckless operation.

Laticia K. Lankford, 22, Rt. 1, Mount Sterling, permitting an unlicensed driver to drive.

TUESDAY — Danny K. Lankford, 20, Rt. 1, Mount Sterling, failure to stop within an assured clear distance.

Four 14-year-old boys from the Fayette County Children's Home, for theft of a county truck and runaways.

A 15-year-old girl from the Fayette County Children's Home, for juvenile delinquency.

PATROL
MONDAY — Franklin H. Kirkpatrick, 36, Nashville, Tenn., speeding and operating a vehicle with an expired driver's license.

TUESDAY — Four 16-year-old boys from Erie, Pa., runaways.

OU To Create University Group On Representation
ATHENS, Ohio (AP) — Ohio University plans to create a university council with equal representation of students, faculty and administrators during September to provide the final level of policy discussion prior to presidential action.

President Claude R. Sowle approved the move for a 24-member council but turned down another proposal that would have given the council power to override a presidential veto of action recommended by the council.

Sowle announced the council together with plans for the appointment of a university ombudsman and for increased student participation at the college and departmental levels.

Spy Satellite Is Sent Aloft To Watch Asia

CAPE KENNEDY, Fla. (AP) — The hurry up launching of a secret spy satellite has underscored America's need to fill an intelligence gap on Red China's missile progress.

The new satellite, sent aloft Monday night, was headed to orbit toward a stationary orbit some 20,000 miles above Southeast Asia, where it would be in position to monitor test launchings by both Red China and the Soviet Union.

The Air Force, which launched the spy craft, hopes it will do better than a similar satellite sent up last June.

That payload achieved a preliminary orbit of 112 to 20,736 miles above the earth. But two days later, the second stage of the Atlas-Agena rocket failed to restart and the satellite did not reach the desired hover orbit over Southeast Asia.

Sources said the Atlas-Agena rocket fired Monday night was rushed to the launch pad ahead of schedule because of the June failure. They said the move was necessary because the Defense Department wanted to monitor a reported upcoming series of Red Chinese missile firings.

The Air Force clamped a security lid on the launch and did not announce it in advance. Five minutes after liftoff a brief statement said only that an Atlas-Agena had been launched with an experimental payload.

The sources said the United States increased its surveillance of Red China missile activity significantly after the Chinese launched their first earth satellite last April 24. Observers said this demonstrated the capability of launching an intercontinental range missile with a nuclear warhead.

In a stationary orbit 19,000 to 24,000 miles high, the new satellite would provide 24-hour-a-day reconnaissance. The sources said the satellite also carried a television camera and sensors to spot missile bases, air fields, troop movement and other military installations in the Soviet Union, Red China and North Vietnam.

Canadian and American researchers have found evidence that Earth was subjected to heavy bombardment from space from 34 million to 700,000 years ago.
